2018 - 2019 Annual Program Assessment Report

The Office of Academic Program Assessment California State University, Sacramento

For more information visit our <u>website</u> or <u>contact us</u> for more help.

This year OAPA has refined the annual assessment reporting process to make it simple, clear, and of high quality at the same time.

IMPORTANT REMINDER:

Please use the "<u>Guidelines</u>" and "<u>Examples for Answering Open-Ended Questions</u>" to answer each question in the template as you complete the report. Please provide and attach the following information:

- 1. PLO Assessed (Q1.1, Q2.1)
- 2. Definition of the PLO(s) (Q2.1.1)
- 3. Rubrics and Explicit Program (not class) Standards of Performance/Expectations (Q2.3)
- 4. Direct Measures (Q3.3.2)
- 5. Data Table(s) (Q4.1)
- 6. Curriculum Map (Q21.1)
- 7. Most Updated Assessment Plan (Q20.2)

Please provide only relevant information and limit all of your attachments to 30 pages.

Please save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.

DEADLINE TO SUBMIT: JULY 1, 2019.

Please begin by selecting your program name in the drop down.

If the program name is not listed, please enter it below:

BS Business Administration

OR enter program name:

Section 1: Report All of the Program Learning Outcomes Assessed

Question 1: All the Program Learning Outcomes Assessed

Q1.1.

Which of the following Program Learning Outcomes (PLOs) including Sac State Baccalaureate Learning Goals (BLGs) or emboldened Graduate Learning Goals (GLGs) **did you assess?** [Check all that apply]

- □ 1. Critical Thinking
- □ 2. Information Literacy
- □ 3. Written Communication
- □ 4. Oral Communication
- □ 5. Quantitative Literacy
- □ 6. Inquiry and Analysis
- 7. Creative Thinking
- □ 8. Reading
- □ 9. Team Work

- □ 10. Problem Solving
- □ 11. Civic Knowledge and Engagement
- □ 12. Intercultural Knowledge, Competency, and Perspectives
- □ 13. Ethical Reasoning
- 14. Foundations and Skills for Lifelong Learning
- □ 15. Global Learning and Perspectives
- □ 16. Integrative and Applied Learning
- □ 17. Overall Competencies for GE Knowledge
- □ 18. Overall Disciplinary Knowledge
- 19. Professionalism
- 20. Research
- □ 21A. Other, specify any assessed PLOs not included above:
- a. b.

c.

☑ 21B. Check here if your program has not collected any data for any PLOs. Please go directly to Q6 (skip Q1.3.a. to Q5.3.1.)

Q1.3.a.

Are your PLOs closely aligned with the mission and/or the strategic plan of the university?

- O 1. Yes
- 🔿 2. No
- O 3. Don't know

Undo

(Remember: Save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.)

Section 2: Report One Learning Outcome in Detail

Question 2: Detailed Information for the Selected PLO

Q2.1.

Select **OR** type in **ONE(1)** PLO here as an example to illustrate how you conducted assessment (be sure you *checked the correct box* for this PLO in Q1.1):

Select PLO

If your PLO is not listed, please enter it here:

Q2.1.1.

Please provide the definition for this PLO (See Appendix 15 Sample Answer to Q2.1.1).

Has the program developed or adopted explicit program standards of performance/expectations for this PLO? (e.g. "We expect 80% of our students to achieve at least a score of 3 or higher in all dimensions of the Written Communication VALUE rubric.")

- 0 1. Yes
- 0 2. No
- O 3. Don't know
- 0 4. N/A
- Undo

Q2.2.a.

Please provide the standards of performance/expectations for this PLO:

Q2.3.

Please provide and/or attach the rubric(s) that you used to evaluate your assignment(See Appendix 15 Sample Answer to Q2.3):

| Q2.4. PLO | Q2.5. Stdrd | Q2.6. Rubric | Please indicate where you have published the PLO , the standard (stdrd) of performance, and the rubric that was used to measure the PLO: |
|--------------|----------------|-----------------|---|
| | | | 1. In SOME course syllabi/assignments in the program that address the PLO |
| | | | 2. In ALL course syllabi/assignments in the program that address the PLO |
| | | | 3. In the student handbook/advising handbook |
| | | | 4. In the university catalogue |
| | | | 5. On the academic unit website or in newsletters |
| | | | 6. In the assessment or program review reports, plans, resources, or activities |
| | | | 7. In new course proposal forms in the department/college/university |
| | | | 8. In the department/college/university's strategic plans and other planning documents |
| | | | 9. In the department/college/university's budget plans and other resource allocation documents |
| | | | 10. Other, specify: |

Question 3: Data Collection Methods and Evaluation of Data Quality for the Selected PLO

Q3.1.

Was assessment data/evidence **collected** for the selected PLO?

- 0 1. Yes
- 2. No (skip to **Q6**)
- 3. Don't know (skip to Q6)
- _ 4. N/A (skip to Q6)

Undo

Q3.1.1.

How many assessment tools/methods/measures in total did you use to assess this PLO? Don't know

Q3.2.

Was the data scored/evaluated for this PLO?

- 0 1. Yes
- O 2. No (skip to Q6)
- 3. Don't know (skip to **Q6**)
- 0 4. N/A (skip to Q6)

Undo

Q3.2.1.

Please describe how you collected the assessment data for the selected PLO. For example, in what course(s) or by what means were data collected:

(Remember: Save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.)

Question 3A: Direct Measures (key assignments, projects, portfolios, etc.)

Q3.3.

Were direct measures (key assignments, projects, portfolios, course work, student tests, etc.) used to assess this PLO?

01. Yes

- 2. No (skip to Q3.7)
- <u>3.</u> Don't know (skip to **Q3.7**)

Undo

Q3.3.1.

Which of the following direct measures (key assignments, projects, portfolios, course work, student tests, etc.) were used? [Check all that apply]

- □ 1. Capstone project (e.g. theses, senior theses), courses, or experiences
- 2. Key assignments from required classes in the program
- $\hfill\square$ 3. Key assignments from elective classes
- □ 4. Classroom based performance assessment such as simulations, comprehensive exams, or critiques
- □ 5. External performance assessments such as internships or other community-based projects
- □ 6. E-Portfolios
- □ 7. Other Portfolios

 \square 8. Other, specify:

Q3.3.2.

| Please attach the assignment instructions that the students received to complete the assignment (See Appendix 1 Sample Answer to Q3.3.2): | | | | |
|---|------------------------------|--|--|--|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| Click here to attach a file | Iclick here to attach a file | | | |

Q3.4.

What tool was used to evaluate the data?

- \odot 1. No rubric is used to interpret the evidence (skip to Q3.4.4.)
- 2. Used rubric developed/modified by the faculty who teaches the class (skip to Q3.4.2.)
- 3. Used rubric developed/modified by a group of faculty (skip to Q3.4.2.)
- 4. Used rubric pilot-tested and refined by a group of faculty (skip to Q3.4.2.)
- 5. The VALUE rubric(s) (skip to Q3.4.2.)
- 6. Modified VALUE rubric(s) (skip to Q3.4.2.)
- 7. Used other means (Answer Q3.4.1.)

Undo

Q3.4.1.

If you used other means, which of the following measures was used? [Check all that apply]

- □ 1. National disciplinary exams or state/professional licensure exams (skip to Q3.4.4.)
- □ 2. General knowledge and skills measures (e.g. CLA, ETS PP, etc.) (skip to Q3.4.4.)
- □ 3. Other standardized knowledge and skill exams (e.g. ETC, GRE, etc.) (skip to Q3.4.4.)
- □ 4. Other, specify:

(skip to Q3.4.4.)

Q3.4.2.

Was the rubric aligned directly and explicitly with the PLO?

- O 1. Yes
- 🔾 2. No
- O 3. Don't know
- 0 4. N/A
- Undo

Q3.4.3.

Was the direct measure (e.g. assignment, thesis, etc.) aligned directly and explicitly with the rubric?

- 0 1. Yes
- 🔿 2. No
- O 3. Don't know
- 0 4. N/A
- Undo

Q3.4.4.

Was the direct measure (e.g. assignment, thesis, etc.) aligned directly and explicitly with the PLO?

- O 1. Yes
- 🔾 2. No

3. Don't know
4. N/A
Undo

Q3.5.

Please enter the number (#) of faculty members who participated in planning the assessment data **collection** of the selected PLO?

Q3.5.1.

Please enter the number (#) of faculty members who participated in the **evaluation** of the assessment data for the selected PLO?

Q3.5.2.

If the data was evaluated by multiple scorers, was there a norming process (a procedure to make sure everyone was scoring similarly)?

0 1. Yes

O 2. No

O 3. Don't know

○ 4. N/A

Undo

Q3.6.

How did you select the sample of student work (papers, projects, portfolios, etc.)?

Q3.6.1.

How did you decide how many samples of student work to review?

Q3.6.2a.

Please enter the number (#) of students *from ONLY your program* that were assessed for this program learning outcome (not all students in the class).

Q3.6.3a.

Please enter the number (#) of samples of student work *from ONLY your program* that were evaluated for this program learning outcome.

Q3.6.4.

Was the sample size of student work for this program assessment adequate for assessing this program learning outcome?

🗅 1. Yes

🔿 2. No

O 3. Don't know

Undo

(Remember: Save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.)

Question 3B: Indirect Measures (surveys, focus groups, interviews, etc.)

Q3.7.

Were indirect measures used to assess the PLO?

- O 1. Yes
- O 2. No (skip to O3.8)
- 3. Don't Know (skip to Q3.8)

Undo

Q3.7.1.

Which of the following indirect measures were used? [Check all that apply]

- □ 1. National student surveys (e.g. NSSE)
- \square 2. University conducted student surveys (e.g. OIR)
- □ 3. College/department/program student surveys or focus groups
- □ 4. Alumni surveys, focus groups, or interviews
- □ 5. Employer surveys, focus groups, or interviews
- □ 6. Advisory board surveys, focus groups, or interviews
- \Box 7. Other, specify:

Q3.7.1.1.

Please explain and attach the indirect measure you used to collect data:

Iclick here to attach a file
Click here to attach a file

Q3.7.2.

If surveys were used, how was the sample size decided?

Q3.7.3.

If surveys were used, how did you select your sample:

Q3.7.4.

If surveys were used, please enter the response rate:

Question 3C: Other Measures (external benchmarking, licensing exams, standardized tests, etc.)

Q3.8.

Were external benchmarking data, such as licensing exams or standardized tests, used to assess the PLO? 0 1. Yes

- O 2. No (skip to Q3.8.2)
- O 3. Don't Know (skip to Q3.8.2)

Undo

Q3.8.1.

Which of the following measures was used? [Check all that apply]

- □ 1. National disciplinary exams or state/professional licensure exams
- □ 2. General knowledge and skills measures (e.g. CLA, ETS PP, etc.)
- □ 3. Other standardized knowledge and skill exams (e.g. ETC, GRE, etc.)
- □ 4. Other, specify:

Q3.8.2.

Were other measures used to assess the PLO?

- 0 1. Yes
- O 2. No (skip to Q4.1)
- 3. Don't know (skip to Q4.1)

Undo

Q3.8.3.

If other measures were used, please specify:

Iclick here to attach a file
Iclick here to attach a file

(Remember: Save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.)

Question 4: Data, Findings, and Conclusions

Q4.1.

Please provide tables and/or graphs to summarize the assessment data, findings, and conclusions for the selected PLO in **Q2.1** (see Appendix 12 in our <u>Feedback Packet Example</u>.) Please do **NOT** include student names and other confidential information. This is going to be a **PUBLIC** document:

| Click here to attach a file | I Click here to attach a file | |
|-----------------------------|-------------------------------|--|

Q4.2.

Are students doing well and meeting the program standard? **If not**, how will the program work to improve student performance of the selected PLO (See Appendix 15 Sample Answers to Q4.1-Q4.3)?

Iclick here to attach a file
Click here to attach a file

Q4.3.

For the selected PLO, the student performance:

- 1. Exceeded expectation/standard
- 2. Met expectation/standard
- 3. Partially met expectation/standard
- O 4. Did not meet expectation/standard

5. No expectation/standard has been specified

O 6. Don't know

Undo

Question 4A: Alignment and Quality

Q4.4.

Did the data, including the direct measures, from all the different assessment tools/measures/methods directly align with the PLO?

O 1. Yes

🔾 2. No

O 3. Don't know

Undo

Q4.5.

Were all the assessment tools/measures/methods that were used good measures of the PLO?

0 1. Yes

🔿 2. No

O 3. Don't know

Undo

Question 5: Use of Assessment Data (Closing the Loop)

Q5.1.

As a result of the assessment effort and based on prior feedback from OAPA, do you anticipate *making any changes* for your program (e.g. course structure, course content, or modification of PLOs)?

O 1. Yes

- O 2. No (skip to Q5.2)
- O 3. Don't know (skip to Q5.2)

Undo

Q5.1.1.

Please describe what changes you plan to make in your program as a result of your assessment of this PLO.

Q5.1.2.

Do you have a plan to assess the *impact of the changes* that you anticipate making? 1. Yes, describe your plan:

0 2. No

O 3. Don't know

| Q5.2. To what extent did you apply previous assessment results collected through your program in the following areas? Undo 1-12 Undo 12-23 | 1. Very Much | 2. Quite a Bit | 3. Some | 4. Not at All | 5. N/A |
|--|--------------------|----------------------|------------|---------------------|-----------|
| 1. Improved specific courses | 0 | 0 | 0 | 0 | 0 |
| 2. Modified curriculum | 0 | 0 | 0 | 0 | 0 |

| 8. Use of Assessment Data | 0 | 0 | 0 | 0 | 0 |
| 9. Other, please specify: | 0 | 0 | 0 | 0 | 0 |

Q5.3.1.

Please share with us an example of how you applied **previous feedback** from the Office of Academic Program Assessment in any of the areas above:

(Remember: Save your progress. There is NO "submit" button. After July 1, 2019, the saved report will be considered the final submission.)

Section 3: Report Other Assessment Activities

Other Assessment Activities

Q6.

If your program/academic unit conducted assessment activities that are **not directly related to the PLOs** for this year (i.e. impacts of an advising center, etc.), please provide those activities and results here:

This year we focused primarily on alinging our undergraduate program learning goals to the institutional undergraduate learning goals, conducting a self-study of practices in the undergraduate business core curriculum, collecting data to revise the curriculum map, and planning data collection for Fall 2019. An overview of those activities is provided the attached file "Assessment Year in Review 2018-19 BSBA.docx".

1. Assessment Year in Review 2018-19 BSBA.docx 22.79 KB

Iclick here to attach a file

Q6.1.

Please explain how the assessment activities reported in **Q6** will be linked to any of your PLOs and/or PLO assessment in the future and to the mission, vision, and the strategic planning for the program and the university: All of the above activities were directly related to our program learning goals and outcomes. The purposes of these activities was to aid in planning for the future and align our practices with those of the university.

Q7.

What PLO(s) do you plan to assess next year? [Check all that apply]

- □ 1. Critical Thinking
- 2. Information Literacy
- □ 3. Written Communication
- □ 4. Oral Communication
- □ 5. Quantitative Literacy
- □ 6. Inquiry and Analysis
- □ 7. Creative Thinking
- □ 8. Reading
- □ 9. Team Work
- 10. Problem Solving
- □ 11. Civic Knowledge and Engagement
- □ 12. Intercultural Knowledge, Competency, and Perspectives
- 13. Ethical Reasoning
- 14. Foundations and Skills for Lifelong Learning
- 15. Global Learning and Perspectives
- $\hfill\square$ 16. Integrative and Applied Learning
- □ 17. Overall Competencies for GE Knowledge
- ☑ 18. Overall Disciplinary Knowledge
- 19. Professionalism
- 20. Research
- □ 21. Other, specify any PLOs not included above:

Q8.

Please explain how this year's assessment activities help you address recommendations from your department's

last program review?

Our last program review occurred during our re-accredition process with AACSB (2017) and a request for a modified self-study was completed in March 2019. Our 2017 report to AACSB addressed a specific critique to shift from course-embedded assessment to assessing program-level learning goals. Overall, this year's activities have been focused primarily on developing the assessment system through aligning program goals with the institution's goals, conducting an internal self-study, and planning to collect data.

Q9. Please attach any additional files here:

Assessment 2018-19 BSBA Year in Review

To: Dean William Cordeiro; Interim Associate Dean Marty Wilson

Fr: Ryan Fuller, Assessment Director

CC: Ramakrishna Dantu, Assessment Committee Chair

6/17/2019

The purpose of this memo is to provide an overview of assessment activities in 2018-19 and to offer recommendations for AY 2019-2020. Our work is guided by the philosophy of <u>simple</u>, <u>clear</u>, and <u>useful</u>.

During the 2018-19 school year, the Assessment Director worked with the Assessment Committee, Program Directors, Area Leaders, and College Faculty, Dean, and Associate Dean to:

- 1. Align undergraduate (BSBA to the university's institutional learning goals;
- 2. Survey the Areas to take a state-of-the-art of practices in the core (101/102/105) courses;
- 3. Use a grounded approach to construct a curriculum maps and identify state-of-the-art of assessment of learning outcomes in degree programs;
- 4. Use internal and external research to plan for assessment cycles.

2. Aligning Undergraduate Program Learning Outcomes with Institutional Learning Goals

In consultation with the faculty, the program learning goals for the BSBA were aligned with institutional learning goals and approved by the Assessment Committee.

• Bachelor of Science in Business Administration (BSBA)

2. Survey Areas on State of the Art of the Undergraduate Business Core

To get a sense of practices in the core curriculum, the Assessment Committee representatives collected data from Areas responsible for the core. The questions addressed whether an undergraduate core course had a coordinator or coordinators, common learning goals, common textbook or textbooks, common assignment(s), and regular faculty discussions about core course curriculum. The results of that survey are displayed in Table 1 below.

| Table 1. Sta | Table 1. Standardization in the Core Courses | | | | | |
|--------------|--|--------------------------|------------------|----------------------|---|--|
| Course | Course coordinator? | Common learning outcomes | Common textbook? | Common assignment | Faculty meetings to discuss curriculum | |
| DS 101 | Yes | Yes | Yes | Yes | Yes | |
| FIN 101 | No | Yes | Yes | No | Yes | |
| GM 105 | Yes | Yes | No | No | Yes | |
| HROB 101 | No | Yes | No | No | Yes | |
| MGMT 102 | No | Yes | No | No | Yes | |
| MIS 101 | Yes | Yes | Yes | Yes | Yes | |
| MKTG 101 | No | Yes | No | No | Yes | |
| OPM 101 | No | Yes | Yes | No | Yes | |

3. Survey Faculty on All Courses

The Assessment Director and Committee asked faculty to complete a brief survey on each of their courses taught across all degree programs. The survey addressed the level at which a learning outcome was covered in a BSBA course and what assignments were used to assess it.

4. Assessment Plans

During the Spring Semester, the Assessment Committee reviewed external measures for one program learning goal for the BSBA (#1 Fundamental Business Knowledge). In addition to the Committee's review, we requested feedback from Areas on topic coverage for each instrument. The Assessment Director compiled a list of pros and cons for each instrument, generated various scenarios and provided cost estimates for each. Ultimately, the Committee voted for the following plan, weighting Area input most heavily:

- Data collection: Fall Semester 2019;
- Instrument: ETS Major Field Test;
- Population: Sample of graduating students;
- Participation: Provide incentive(s) for students to perform well on the exam

This proposal, along with a timeline and budget was shared approved by the dean.

Summary

Overall, we had a productive year working toward revising our assessment system to ensure that our work is simple, clear, and useful. We have more work to do to build the system and enact the plans. I set a goal to complete the 3-year assessment plans for the BSBA by the end of this academic year. It turns out this was an ambitious goal to get all of the pieces in place to do this. We made a recommendation for AY 2019-20, and I will work with the Committee, Associate Dean, and faculty to review internal and external research to complete the remainder of this plan to review and approve in the Fall 2019 semester.

Going forward, I have some recommendations for AY 2019-2020.

Some Recommendations for 2019-2020

- 1. Complete 3-year assessment plans for BSBA, including the use of internal and external measures (with budget approval from Dean).
- 2. Update assessment policy to reflect new organizational structure of 6 departments.
- 3. Introduce "assurance of learning day" to encourage discussions among faculty within departments and across the college and to promote a culture of assessment.
- 4. Encourage departments to designate course coordinators for core courses (101/102/105) to facilitate discussions on how course learning outcomes connect to program learning outcomes and share course learning materials.
- 5. Adopt Canvas tools for assessment (rubrics, learning outcomes), make degree program learning outcomes available via Canvas and enable easy data reporting to CBA college-wide data dashboard.

CSUS Baccalaureate Goals

UGLG 1: Knowledge of Human Cultures and the Physical and Natural World through study in the sciences and mathematics, social sciences, humanities, histories, languages, and the arts. Focused by engagement with big questions, contemporary and enduring.

UGLG 2: Intellectual and Practical Skills, Including: inquiry and analysis, critical, philosophical and creative thinking, written and oral communication, quantitative literacy, information literacy, teamwork and problem solving, practiced extensively, across the curriculum, in the context of progressively more challenging problems, projects, and standards for performance.

UGLG 3: Personal and Social Responsibility, Including: civic knowledge and engagement—local and global,* intercultural knowledge and competence, ethical reasoning and action, foundations and skills for lifelong learning anchored through active involvement with diverse communities and real-world challenges.

UGLG 4: **Integrative Learning, Including: synthesis and advanced accomplishment across general and specialized studies.

All of the above are demonstrated through the application of knowledge, skills, and responsibilities to new settings and complex problems.

*Understanding of and respect for those who are different from oneself and the ability to work collaboratively with those who come from diverse cultural backgrounds.

** Interdisciplinary learning, learning communities, capstone or senior studies in the General Education program and/or in the major connecting learning goals with the content and practices of the educational programs including GE, departmental majors, the co-curriculum and assessments.

CSUS CBA BSBA Goals

Alignment of BSBA Goals to CSUS Baccalaureate Goals Approved by Assessment Committee on 2/11/2019

Goal 1 Fundamental Business Knowledge (Aligned to CSUS UGLG 1)

Competence based on fundamental business knowledge.

- 1. Demonstrate understanding of fundamental business theories, concepts, and skills.
- 2. Ability to analyze business information in performing business related tasks.

Goal 2 Integrative Business Competence (CSUS UGLG 4)

Business competence integrated with other business knowledge areas and ethical responsibility.

- 1. Ability to identify factors contributing to a managerial problem from a variety of business perspectives.
- 2. Enumerate the costs and benefits that potential solutions will have on the interdependent stakeholders of a firm.

Goal 3 Effective Business Communication (CSUS UGLG 2)

Business communication utilizing contemporary and classic communication techniques and methods.

- 1. Convey information in a variety of business settings.
- 2. Evaluate the efficacy of business communications.

Goal 4 Applied Business Capability (CSUS UGLG 3)

Ability to translate knowledge of business and management into practice.

- 1. Create effective business solutions that are both ethically sound and socially responsible.
- 2. Generate innovative and effective solutions for problem solving and decision making.

Instructions: Enter your name and course #. Then indicate the level at which the learning outcome is addressed in your course and whether you formally assess it and how. Repeat for each BSBA course taught.

Your Name: ______ BSBA Course #:_____

Foreword

This CBA assessment policy document stipulates the organizational structure, procedure, authority, and responsibilities for assessment activities in the CBA. The AACSB Standards provide in-depth explanation for assessment concepts and issues introduced in this policy document.

SECTION 1. DEFINITION, PURPOSES, SCOPE, AND GOALS OF ASSESSMENT

1.1 Definition of Assessment

Assessment is the systematic collection, review, and use of information about student learning for the purpose of continually improving the learning input, process, and outcomes in educational programs. Assessment is formative, diagnostic, non-judgmental, specific, suggestive, and goal-directed whereas grade assignment is summative, final, evaluative, holistic, rigorous, and content-driven. Assessment shifts our focus from what we teach to what students have learned.

1.2 Purposes of Assessment

Assurance of Learning Standards evaluate how well the College accomplishes the educational aims at the core of its activities. Few characteristics of the College will be as important to stakeholders as knowing the accomplishment levels of the College's students when compared against the College's learning goals. Another important function for measures of learning is to assist the College and faculty members to improve programs and courses.

The ultimate purpose of assessment is continual improvement in student learning.

Assessment results shall neither be used in the RTP (Retention Tenure Promotion) process nor in evaluations for merit-based salary increases.

Individual faculty members may choose to provide assessment related materials and documents (excluding assessment measure results) developed by them in their WPAF files.

1.3 Scope of Assessment

The scope of assessment is divided into programs in the CBA. Each CBA academic program as defined by AACSB Standards is to be assessed according to AACSB Standards.

1.4 Goals of Assessment

Appendix I provides the long-term assessment standard for the BSBA, MBA, EMBA, MS/ACCY program respectively, which are the operational definitions of the long-term assessment goals in the CBA.

SECTION 2. ASSESSMENT ACTIVITIES IN CYCLES AND TIMELINES

2.1 Assessment Activities

Figure 1 shows the assessment steps in the AACSB assessment model. This policy document describes only policy-related issues in the assessment model.

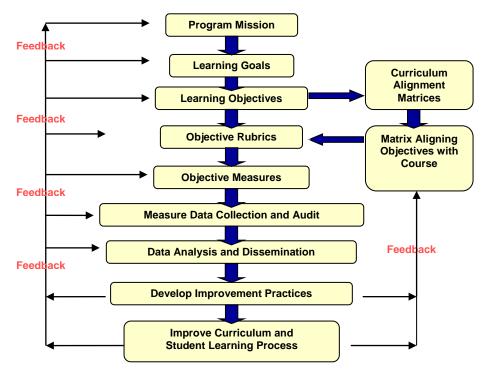

Figure 1. Assessment Steps in AACSB Assessment Model

2.1.1 Program Mission, Learning Goals, and Learning Objectives

CBA faculty and other constituencies including but not limited to students, alumni, employers, and non-CBA-faculty are invited to provide input to define or revise program mission, learning goals, and learning objectives.

2.1.2 Curriculum Alignment Matrices (CAM)

Curriculum alignment matrices show teaching tools, techniques, and methods (such as lectures, case analysis, assignment, field trip, student presentation) used by courses in the curriculum to deliver learning objectives.

2.1.3 Matrices Aligning Objectives with Courses

Matrices align the contribution of each course to the learning objectives in a program. There shall be no more than three learning objectives assigned to a course.

2.1.4 Rubrics

Each learning objective has one rubric for classifying students' learning outcomes into Below Expectation (1), Approaching Expectation (2), Meets Expectation (3), and Exceeds Expectation (4). A rubric has at least three dimensions describing the various operationalized aspects of a learning objective. The content of a rubric is the behavioral description for each performance level in each dimension.

2.1.5 Measures

Measures are designed to evaluate student performance on the individual student level. Group products for learning outcomes can be used for assessment only if they yield data on individual student performance by learning objectives. Each learning objective has at least one direct measure which may be supplemented by one indirect measure. A direct measure observes students' actual performance on learning objectives, which can be an examination, exercise, presentation, assignment, or project. An indirect measure collects opinions regarding students' performance levels on learning objectives, which can be a student survey, employer survey, alumni survey, or a focus group discussion. Since direct measures and their answers may be readopted, care should be taken to assure that they will not be disclosed in any format that may lead to the invalidation of measures or doubtful results of measures.

2.1.6 Measure Data Collection and Audit

Measure data must be gathered on the individual student level. There must be sufficient incentive for individual students to perform their best in measures. All students enrolled in the course addressing a certain learning objective are to be assessed for that learning objective. In the event that a sample has to be used, the sample must be truly random and of at least 25% of the student population.

A class instructor, when he or she grades a learning objective in his or her class, is called a class grader. For measure results that involve non-mechanical grading (such as case analysis, essay, project, presentation) in a certain class, a random sample of 3% - 10% shall be reviewed by two instructors who do not teach that class, called auditors. Alternatively, if there are fewer than 20 students in the class, then one auditor re-grades the entire class. A minimum of four (4) students' measures in a class must be audited regardless of the size of the class.

<u>Auditors' average Y for a learning objective</u>: For each student's measure for a learning objective, calculate the average of the two auditors' scores as X. Take the average of all Xs from auditors as Y.

<u>Class Graders' average Z for a learning objective</u>: Take the average of all the class grader's equivalent scores as Z.

Comparing auditors' average with class graders' average (Y vs. Z) for a learning objective: If Y is within the range of Z-0.5 and Z+0.5 inclusively (on a scale of 1 - 4), then all the class CBA Assessment Policy 4 of 13 Approved by Faculty Council 9/26/07 and CBA Faculty 10/05/07 Revised and approved by Faculty Council 5/9/11 and 10/24/12 Revised and approved by Faculty Council 04/23/2014 grader's scores shall be accepted as the final measure results. If Y is outside the range of Z-0.5 and Z+0.5, a random sample of at least 25% of all the class grader's measure results shall be regraded by two auditors, and the average score of the two auditors shall be adopted as the final measure results.

If measure results for learning objective A in class B that involve non-mechanical grading are graded by instructors who do not teach learning objective A in class B, no auditing step shall be required.

2.1.7 Data Analysis and Dissemination

Data analysis should:

- Perform statistical analyses on measure data.
- Identify trends and patterns from data.
- Apply CBA long-term assessment standards to determine whether student learning outcomes are acceptable.
- Focus analyses on student learning outcomes which are below the assessment standards.

Summarized assessment measure results aggregated by learning objectives may, as approved by Faculty Council, be distributed to our stakeholders and be published in CBA Website and CBA document repository. There shall be no individual student or faculty names attached to measure results for publication and distribution purposes.

2.1.8 Improvement Practices

Based on data analyses, assurance of learning related improvement practices should be developed to correct the student learning problems for those learning objectives which are below the long-term assessment standards. Improvement practices can be classified into course/area level and CBA level. On the course/area level, there can be the improvement practices such as changing/adding/deleting course coverage, textbooks, pedagogy, assignments, prerequisites, and tutorial sessions. On the program/CBA level, there can be the improvement practices such as realigning learning objectives to courses, changing curriculum structure, strengthening admission standards, and creating remedial courses. Appendix II provides a template for developing improvement plan. Appendix III provides a template for reporting improvement implementation.

2.1.9 Continuous Improvement of the Assessment Process

Measure results and analyses are to be used to continually improve all steps in the entire assessment cycle.

2.2 Timelines for Assessment Activities

Each assessment cycle is three years consisting of three Fall semesters and three Spring semesters. Programs are classified into groups for staggered implementation of different phases in an assessment cycle. The groups of programs are as follows:

- Group A: BSBA, MBA
- Group B: MS/ACCY, EMBA

Table 1 presents the phases and activities for an assessment cycle.

| Table 1. | CBA | Assessment | Activities | in an | Assessment | Cycle |
|----------|-----|------------|------------|-------|------------|-------|
|----------|-----|------------|------------|-------|------------|-------|

| Phase | Assessment Activities |
|-------|---|
| 1 | Define/design/review/revise program mission, learning goals, learning objectives, |
| | curriculum alignment matrices, objective alignment with courses, rubrics, direct |
| | measures, and indirect measures. |
| 2 | Implement direct and indirect measures to collect data. |
| 3 | Audit measure results. |
| | Analyze and interpret data collected from direct and indirect measures. |
| | Determine whether long-term assessment standards have been met. |
| | Develop improvement practices including class level and/or curriculum level |
| | improvement based on direct and indirect measure results. |
| 4 | Implement improvement practices. |

SECTION 3. ORGANIZATIONAL STRUCTURE, AUTHORITIES, AND RESPONSIBILITIES FOR ASSESSMENT ACTVITITES

3.1 Overall Organizational Structure, Authorities, and Responsibilities

The CBA organizational structure for carrying out assessment activities includes an Assessment Director appointed by the Dean, Faculty Council, CBA Assessment Committees, and Faculty Members. This section describes their authorities and responsibilities for assessment activities.

3.2 Dean, CBA Assessment Director and Associate Deans

The Dean of the College may appoint a CBA Assessment Director, who has the responsibility to facilitate all assessment activities in the CBA. An Assessment Director is responsible for maintaining all assessment data and documents for analysis, communication, and reporting purposes.

The Dean may assign Assessment Director duties to the Associate Dean for Graduate and External Programs and to the Associate Dean for Undergraduate Programs. The Dean shall provide a list of responsibilities of an Assessment Director and consult the Faculty Council in determining a selection process.

3.3 Faculty Council

The Faculty Council is responsible for initiating, maintaining and/or reviewing assessment policy. Such enactment and revisions to assessment policy will be undertaken based on the recommendations from the CBA Assessment Director and/ or the CBA Assessment Committees.

3.4 CBA Assessment Committees

The CBA may constitute one or more assessment committees for its undergraduate and graduate programs. CBA assessment committees may be constituted as a separate committee by for each program or a single committee for all programs within the College. If by programs, then the Committee should consist of at least three full-time faculty members teaching in the Program. In the case of undergraduate programs, a committee of at least one representative from each concentration serving a staggered term of two years should be constituted. A chairperson is elected for the Committee using a majority rule by members. Associate Dean for the Undergraduate Program, and the Associate Dean for the Graduate and External Programs serve as ex-officio non-voting members in their respective program's committees.

CBA Assessment Committees are responsible for initiating, coordinating, and carrying out assessment activities that require college-wide standards and/or resources. It has the authority and responsibility to direct areas to perform assessment activities. In order to ensure that all areas conform to the CBA assessment policy, the Committee shall review and approve areas' assessment documents. The Committee will also solicit input from all full-time and part-time faculty members for their decision making process.

The Committees' meeting agendas, schedules, and minutes are to be distributed to all CBA fulltime and part-time faculty members. Assessment suggestions and documents (e.g., rubric, measures, improvement practices) from a CBA assessment committee are to be voted on by that Committee. Minority suggestions that are not adopted may be appealed to the Faculty Council for a review. An area or a faculty member may appeal the decisions of the CBA Assessment Committees to the Dean. CBA Assessment Committees are responsible for the following assessment activities:

- 3.4.1 Respond to, coordinate with, and carry out the requests from the Faculty Council for assessment activities.
- 3.4.2 Develop and revise learning objectives, curriculum alignment matrices, rubrics, measures, data analysis methods, and improvement practices for learning objectives assigned to the Programs.
- 3.4.3 Initiate and coordinate measure implementation, data collection, data analyses, improvement implementation, and improvement implementation reporting in the Programs generally, and specifically in response to AACSB and WASC.
- 3.4.5 Communicate with full-time and part-time area faculty members for assessment activities in its area.

- 3.4.8 Report assessment data and documents (such as rubrics, measures, improvement practices and accreditation reports) generally to the faculty and administration and specifically in compliance with AACSB and WASC.
- 3.4.9 Review and approve assessment suggestions and documents (such as rubrics, measures, improvement practices).
- 3.4.10 Request resources to implement area assessment activities.

3.5 Faculty Members

All full-time faculty members are responsible for assessment activities such as defining rubrics, providing input to curriculum alignment matrices, designing measures, implementing measures, collecting measure data, reporting measure data, implementing improvement practices, and reporting improvement progress as directed by their CBA Assessment Committees' representatives. Part-time faculty members are responsible for implementing measures, collecting measure data, reporting measure data, implementing improvement practices, and reporting improvement progress as directed by their CBA Assessment Committees' representatives. Part-time faculty members are responsible for implementing measures, collecting measure data, reporting measure data, implementing improvement practices, and reporting improvement progress as directed by their CBA Assessment Committees' representatives. Measure results shall not be used to evaluate individual full-time faculty members' teaching performance for the RTP process nor shall measure results be used to evaluate individual part-time instructors' teaching performance.

SECTION 4. OPERATIONAL STANDARDIZATION, OPERATIONAL INTEGRITY, AND RESPONSIBILITIES FOR ASSESSMENT ACTIVITIES

4.1 Operational Standardization and Operational Integrity

In order to ensure that all students receive the same assessment experience, as intended by Area Assessment Committees and the Committee on Student Learning, the following assessment procedure policy shall be observed by all faculty members:

- 4.1.1 All instructors for a learning objective shall use the same rubric. There should be at least one common direct measure, and may include at least one common indirect measure for that learning objective.
- 4.1.2 If instructors discover problems or errors in rubrics and measures, they should report the problems or errors immediately to an area assessment committee and/or the Committee on Student Learning. No rubric and/or measure may be changed without the approval of an area assessment committee and/or the Committee on Student Learning.
- 4.1.3 Measure grading is to be performed strictly according to rubrics.
- 4.1.4 Measure results from non-compliant rubrics/measure instructions shall not be used to compile the final measure results.

4.2 **Responsibilities**

4.2.1 CBA Responsibilities

The CBA is responsible and accountable to our stakeholders for assessing students' learning outcomes. The CBA may employ several approaches for assessing students' learning outcomes, such as:

- Selection: The CBA may select students into a program on the basis of knowledge or skills expected in graduates of a degree program.
- Course-embedded measurement: Required courses may expose students to systematic learning experiences designed to produce graduates with the particular knowledge or abilities specified in the school's learning goals.
- Demonstration through stand-alone testing or performance: Students may be required to demonstrate certain knowledge or skills as a requirement for graduation or at some other specific point in their degree programs.

As a precursor to conducting assurance of learning activities, it is assumed that there will be sufficient resources allocated for these activities. The CBA will provide adequate resources for faculty to conduct assurance of learning activities, as determined by the Dean.

The CBA is responsible for ensuring that program mission, learning goals, learning objectives, and assessment requirements are included in student guidebooks or other student advising documents. During a CBA student orientation, students will be formally informed that they are expected to participate in assessment activities in the CBA.

4.2.2 Faculty Responsibilities

The faculty in aggregate (either in total, in representative units, in disciplinary units, or through some other organizational structure) will normally be the persons responsible for listing and defining the College's learning goals. Agreement on learning goals for academic programs is one of the central defining features of higher education, and thus, faculty involvement/ownership is a necessary ingredient. After setting the learning goals, the faculty must decide where the goals will be addressed within degree curricula. Once faculty members have decided which components of the curriculum will contain certain learning goals, they must establish monitoring mechanisms to ensure that the proper learning experiences occur. Beyond choosing and developing the list of learning goals, faculty members must operationalize the learning goals by specifying or developing the measurements that assess learning achievement on the learning goals.

Though all assessment steps in the assessment model are important, a critical step is the feedback loop for improving students' learning outcomes. In order to document the improvement efforts each faculty member who participates in the activities should submit an Improvement Implementation Report (see Appendix III) at the end of each semester in which improvement implementation has been carried out. The report is to be submitted to an area assessment committee by the end of the semester in which improvements are to be implemented, for it to be forwarded to the Committee on Student Learning. Individual level reporting for improvement implementation is necessary. An individual instructor may submit an anonymous improvement implementation report to his or her area assessment committee provided that the report is submitted in person or by email to the chairperson of his or her area assessment committee. For anonymous implementation reports, it will be the area assessment committee chairpersons' responsibilities to sign off the reports.

4.2.3 Student Responsibilities

Students are expected to participate in assessment activities in the CBA.

SECTION 5. EXTERNAL STAKEHOLDERS' PARTICIPATION AND SUPPORT

The CBA's external stakeholders shall be informed about how they can participate and support CBA assessment activities. Input shall be solicited using surveys, interviews, meetings, and/or focus groups from areas' external advising groups and/or the CBA's advising board regarding the following assessment issues:

- 5.1 Program missions, learning goals, and learning objectives
- 5.2 Long-term assessment standards
- 5.3 Improvement practices for learning objectives which are below the standard
- 5.4 Curriculum's relevancy and currency to our program missions.

SECTION 6. ASSESSMENT POLICY REVIEW AND UPDATE

This assessment policy may be reviewed and updated through normal Faculty Council processes for changing CBA policy. The SLPC is charged with this responsibility.

Appendix I: Long-Term Assessment Standard for BSBA, MBA, EMBA and MS/ACCY Program (Approved by the CBA Faculty in May 2006)

After two improvement cycles (6 years from 5/2006), at least 70% of our BSBA, MBA, EMBA and MS/ACCY students will achieve greater than 2.5 on a scale of 1 - 4 for all learning objectives.

CBA Assessment Policy Approved by Faculty Council 9/26/07 and CBA Faculty 10/05/07 Revised and approved by Faculty Council 5/9/11 and 10/24/12 Revised and approved by Faculty Council 04/23/2014

Appendix II: A Template for Improvement Plans

An improvement plan should have the following sections:

1. Learning objective

Which program learning objective (e.g., BSBA 3.1, MBA 3.3) is to be improved?

2. Course that will be impacted

3. Improvement changes to be implemented

Please attach the change materials to be used in class, e.g., new case study, new assignments, new lecture slides, new tutorial handouts to the improvement plans. If all materials cannot be developed by deadline, please attach samples.

4. Course coordinator for learning objective

For each learning objective, the area assessment committee shall identify one faculty member to be responsible for coordinating, monitoring, and reporting the change implementation in the area.

5. Implementation schedule

Improvement changes shall be implemented in the semester immediately after the changes have been approved by an area assessment committee and/or the CBA Assessment Committee.

6. Implementation evidence

Implementation evidence can be students' written answers to new case study, to new assignments, PowerPoint slides for new lecture topics, handouts for new tutorials, etc. For improvement changes that have no written evidence, such as changes in pedagogy or lecture techniques, faculty's signature in the change implementation report will be documentation evidence.

7. Reporting format and procedure for change implementation

Appendix III provides a template for change implementation report. Faculty members who implement changes in their classes submit change implementation reports and/or implementation evidence to their area assessment committee. The area assessment committee combines all change implementation reports and implementation evidence, and submits them to the CBA Assessment Committee within <u>two</u> weeks after all changes have been implemented in classes.

Appendix III: Improvement Implementation Report

(A sample for a filled-in improvement implementation report)

BSBA Goals:

Goal 1 Fundamental Business Knowledge

Competence based on fundamental business knowledge.

- 1. Demonstrate understanding of fundamental business theories, concepts, and skills.
- 2. Ability to analyze business information in performing business related tasks.

Goal 2 Integrative Business Competence

Business competence integrated with other business knowledge areas and ethical responsibility.

- Ability to identify factors contributing to a managerial problem from a variety of business perspectives.
- 2. Enumerate the costs and benefits that potential solutions will have on the interdependent stakeholders of a firm.

Goal 3 Effective Business Communication

Business communication utilizing contemporary and classic communication techniques and methods.

- 1. Convey information in a variety of business settings.
- 2. Evaluate the efficacy of business communications.

Goal 4 Applied Business Capability

Ability to translate knowledge of business and management into practice.

- 1. Create effective business solutions that are both ethically sound and socially responsible.
- 2. Generate innovative and effective solutions for problem solving and decision making.
