

# Annual Assessment 2025/2026

Welcome to the 2025–2026 Annual Assessment Report Survey.

The Annual Assessment report survey requests feedback on the assessment of one Program Learning Outcome (PLO), including how the outcome was measured, the results, and how those results are being used to support student learning and continuous improvement.

Assessment of PLOs should be staggered across the interval between program reviews, allowing for focused analysis each year while ensuring that all PLOs are assessed at least once within each program review cycle. This approach supports the development of comprehensive information on PLOs for program review.

In addition to PLO assessment, the report survey requests brief information and reflection on degree program outcomes and priorities, including goals and progress, as well as any relevant updates related to Academic Program Review (if applicable).

The following [link](#) provides access to data resources for assessment.

Please complete a separate report survey for each degree program. **Reports are due no later than June 30, 2026**, and feedback will be provided no later than August 15, 2026, to support ongoing improvement.

**For Programs with Specialized Accreditation:**

Programs that submit an annual or have submitted a periodic assessment report during AY 25-26 for specialized accreditation may **upload** that accreditation report in place of responding to

the questions below, *provided that the report substantially addresses the requested information.*

Please clearly indicate where each question is addressed in the accreditation report. If any elements of this report are not covered, provide brief responses to those specific questions.

---

Q1 Which Program Learning Outcome (PLO) for this degree program was assessed over the past year and briefly describe how this outcome is linked to Sacramento State's Institutional Learning Outcomes?

---

Q2 Briefly describe the direct and indirect assessment used to measure this PLO. Please respond how it was implemented, how many students were assessed, and anything else critical to understanding the assessment process.

---

Q3 What were the results of the assessment? Include also a narrative about what the results suggest about the skills students possess when they graduate from your program.

---

Q4 How has the program used (or how will the program use) the results to improve student learning (how are you "closing the loop")? Please also provide information on any curricular or instructional changes that were made during the past cycle as a result of past assessments.

---

Q5 What are the program's current priorities or goals for maintenance, growth, or change? (Briefly note any progress or challenges.)

---

Q6 If your program has undergone Academic Program Review (APR), please provide a brief update on progress and actions taken in response to your MOU. If no update is available, please indicate "No update at this time."

If you have a document that provides additional details regarding the APR (e.g., a written update, status report, or revised MOU), please **upload** it here.
