Program Proposal
Form B

Academic Group (College):
Arts and Letters

Date of Submission to College Dean:

Academic Organization (Department):
Art

Requested Effective: Fall_x_, Spring___, 2008_

Department Chair:
Dan Frye

Contact if not Department Chair:
Andrew Connelly

Title of the Program:
XX BA in Art, MA in Art, Art Education (Single Subject Pre-Credential Prep.)

Type of Program Proposal:

___x___ Modification in Existing Program:
   X Substantive Change
   _ Non-Substantive Change
   _ Deletion of Existing Program

_____ New Programs
   _ Initiation (Projection) of New Program on to Master Plan
   _ New Degree Programs
      _ Regular Process
      _ Fast Track Process
      _ Pilot Process
   _ New Minor, Concentration, Option, Specialization, Emphasis
   _ New Certificate Program

PLEASE NOTE: Form B is to be used only as a Cover Form. Additional information is requested for each of the above as noted in the corresponding procedure in the Policies and Procedures for Initiation, Modification, Review and Approval of Courses and Academic Programs found at http://www.csus.edu/acaf/univmanual/index.htm

Briefly describe the program proposal (new or change) and provide a justification.
Add courses to sculpture area. Art 182 Intermediate Sculpture and Art 283 Graduate Sculpture. Proposal addresses the new 60 unit BA program changes where student choose a concentration in a given medium.

Approvals:

Department Chair: ____________________________ Date: 9/18/08

College Dean: ____________________________ Date: 9/16/08

University Committee: ____________________________ Date: 5/15/08

Associate Vice President and Dean for Academic Affairs: ____________________________ Date: 5/15/08
EXISTING REQUIREMENTS –
BACHELOR OF ARTS DEGREE –
CONCENTRATION IN ART STUDIO

Units required for Concentration: 60 _Minimum total units required for BA: 120A. Required

Lower Division Core Courses (30 units)

ART 1A  Art in the Western World
ART 1B  Art in the Western World:
ART 20A Beginning Drawing
ART 20B Intermediate Drawing
ART 70  Form, Space and Vision
ART 97  Beginning Electronic Art

(3) Select one of the following:
ART 3A  Traditional Asian Art
ART 3B  Modern and Contemporary Asian Art
ART 5  Native American Art

(6) Select two of the following:
ART 22  Beginning Painting
ART 24  Beginning Watercolor
ART 40B Basic Printmaking: Etching
ART 40C Basic Printmaking: Lithography
ART 40D Basic Printmaking: Relief
ART 40E Basic Printmaking: Silkscreen
ART 60  Two-Dimensional Composition
PHOT 40 Basic Techniques of Photography

Select one of the following:
ART 50  Beginning Ceramics
ART 53  Beginning Hand-Built Ceramics
ART 74  Beginning Jewelry
ART 75  Beginning Metalsmithing
ART 86  Clay Sculpture
ART 88  Sculpture

B. Required Upper Division Core Courses (30 units)

4 courses (12 units) selected from one studio groups:

Drawing and Painting Group
ART 122A Intermediate Painting
ART 122B Advanced Painting
ART 123  Figure Drawing
ART 124A Intermediate Watercolor
ART 124B Advanced Watercolor
ART 125A Life Painting
ART 125B Life Studio
ART 126 Painting and Drawing in the Field
ART 127 Collage and Assemblage
ART 129* Painting/Drawing Studio
ART 199* Special Problems

Printmaking Group
ART 127  Collage and Assemblage
ART 141  Advanced Silkscreen
ART 144  Vector and Raster Imaging
ART 145  Advanced Printmaking
ART 149* Graphics/Printmaking Studio

C. Culminating Requirement (3 units)
ART 500  Culminating Experience
Course Comparison
Instructor: Andrew Connelly
The following compares all three courses to be offered together.

Art 182: Intermediate Sculpture
Term Assignments:

Art 183: Advanced Sculpture
Term Assignments:

Art 283: Graduate Sculpture
Term Assignments:

Assignment A:
Keep Sketchbook
The Sketchbook assignment is the same yet the format and level of investigations will vary between levels.

Assignment B:
Artist Presentation
Presentation assignment varies; Intermediate will research one artist for his/her presentation, Advanced will research several artists while putting themselves in the context of the presentation, Graduate research more artists, discuss his/her work as a professional artist and contextualize his/her work in the contemporary world.

Assignment C:
Attend two art lectures on campus
Lecture assignment is the same for all levels

Assignment D:
Service requirement
Service requirement is the same for all levels

Studio Assignments:

Assignment #1:

Assignment #2:

Assignment #3:

Assignment #4:
Studio Assignments and projects vary for each level; Intermediate are expected to follow assignment based learning following specific criteria for all assignments, Advanced will have looser guidelines for their projects focusing on student based learning and problem solving, Graduate will be working on their own objectives.

Class participation, Critique and Questionnaires:
All levels are expected to participate in critique and directed discussion with questionnaires

**Title of the Program:** Management Information Systems Concentration in the BSBA program

**Type of Program Proposal:**

***X*** Modification in Existing Program:

- ***X*** Substantive Change
- ___ Non-Substantive Change
- ___ Deletion of Existing Program

___ New Programs

- ___ Initiation (Projection) of New Program on to Master Plan
- ___ New Degree Programs
  - ___ Regular Process
  - ___ Fast Track Process
  - ___ Pilot Process
- ___ New Minor, Concentration, Option, Specialization, Emphasis
- ___ New Certificate Program

**PLEASE NOTE:** Form B is to be used only as a Cover Form. Additional information is requested for each of the above as noted in the corresponding procedure in the Policies and Procedures for Initiation, Modification, Review and Approval of Courses and Academic Programs found at [http://www.csus.edu/acaf/univmanual/index.htm](http://www.csus.edu/acaf/univmanual/index.htm)
**JUSTIFICATION FOR PROPOSED PROGRAM CHANGE:**
As the MIS field is evolving constantly, the existing elective courses in the concentration are not sufficient to provide the requisite MIS skills to satisfy the market demands. The proposed change reorganizes elective courses, delete obsolete electives, introduces new electives, and requires students to take at least one elective relevant to operation and integration issues for information systems. In addition, the proposed change introduces two new electives to other concentrations in the BSBA program.

Briefly describe the program proposal (new or change) and provide a justification.

In order to better meet the needs of candidates seeking a Master's in Multicultural Education, the Bilingual Multicultural Education Department has revised its MA program. (Please see attached table comparing the new and old programs.) The major revision consists of a change to the way that the department delivers the MA classes. In the new program, classes are offered in a concentrated format that shortens the duration of the MA program but continues to meet the department's goal of graduating Master's students with in-depth expertise in the education of multicultural and multilingual populations.

Another revision to the program involves the incorporation of a MA exam option for the culminating experience, in addition to the project and thesis options. (Those candidates taking the exam option will not be required to take the culminating course for thesis/project candidates only, EDBM 565. Consequently, exam candidates will enroll in an extra elective. The following table reflects this option by indicating that there are variable numbers of elective units, 6-9, depending on whether candidates take the exam and need 9 units to complete the MA, or write a thesis/project and need only 6 elective units, plus EDBM 565.) The comprehensive exam will address the major areas of multicultural and multilingual education including second language acquisition and instruction; the role of nonstandard language varieties in schooling; primary language instruction and programs; critical race theory and pedagogy; and assessment of diverse populations.

In addition to these changes, the two previous MA options in the department, Teacher Leadership in Multicultural Education and Multicultural Educators in Nontraditional Settings, are combined into a single program that is designed to meet the needs of teachers and community members who are not in the teaching field. It is the department's position that the inclusion of both teachers and community members who are committed to social justice will enrich the overall program in for all candidates. Furthermore, the new program also includes a greater number of electives, allowing candidates to take advantage of MA courses across the College (e.g., Teacher Education, Counselor Education, etc.), and the university, to enhance their MA experience. The MA candidates' selection of these electives will be guided by their department advisors. As needed, course change proposals will be submitted to Academic Affairs in order to carry out any revisions to the MA courses in the new program.
Comparison of Old and New Programs

Program Proposal
Form B

Academic Group (College): Health and Human Services
Academic Organization (Department): Division of Criminal Justice
Department Chair: William Vizzard
Title of the Program: Master of Science in Criminal Justice

Date of Submission to College Dean: March 14, 2008
Requested Effective: Fall X, Spring__, 2008.
Contact if not Department Chair:

Type of Program Proposal:

X Modification in Existing Program:
   X Substantive Change
   ___ Non-Substantive Change
   ___ Deletion of Existing Program

___ New Programs
   ___ Initiation (Projection) of New Program on to Master Plan
   ___ New Degree Programs
      ___ Regular Process
      ___ Fast Track Process
      ___ Pilot Process
   ___ New Minor, Concentration, Option, Specialization, Emphasis
   ___ New Certificate Program

PLEASE NOTE: Form B is to be used only as a Cover Form. Additional information is requested for each of the above as noted in the corresponding procedure in the Policies and Procedures for Initiation, Modification, Review and Approval of Courses and Academic Programs found at http://www.csus.edu/aca freshwater/index.htm

Briefly describe the program proposal (new or change) and provide a justification.

This proposal outlines an increase in the number of required courses and a reduction in the number of electives. It also adds a comprehensive examination alternative to doing a thesis or a project. This addition will serve students who are established in their careers and have no plans to attend a doctorate program or teach at a community college. This alternative will be listed as CrJ 500 – Culininating Experience: Criminal Justice Comprehensive Examination (3 units). It requires no additional units for degree completion.

The proposal also requires students who elect to complete a thesis or project to take two classes: CrJ 501 – Thesis/Project Development (3 units) and CrJ 502 – Culininating Experience: Thesis or Project (3 units). This will provide the quality educational experience necessary for completion of a project or thesis and will be comparable to other Criminal Justice Master’s programs in the CSU system. These courses will be taken in sequence. It requires no additional units for degree completion (students opting to complete a thesis or project will take 6 elective units rather than 9 elective units).

Briefly describe the program proposal (new or change) and provide a justification.

RLS 125-Therapeutic Recreation and Persons with Physical Disabilities will be removed from the required courses and replaced with RPTA 118-Facilitation Techniques in Therapeutic Recreation. This change is being made to match the recent curricular changes in the RPTA program. This new course RPTA 118, meets Standard 21 (Curriculum Development) for the APE Credential. The program provides knowledge in the development of adapted physical education goals and objectives throughout the lifespan for individuals with disabilities. This standard was met in part by RLS 125. It will now be met in part through RPTA 118.

### Old Program

#### REQUIREMENTS - CREDENTIAL - ADAPTED PHYSICAL EDUCATION SPECIALIST

Units required for Credential: 21

**Note:** It is intended that the courses in this specialty be taken in addition to or concurrent with the courses required for the Single Subject Teaching Credential in Physical Education.

#### A. Required Courses (21 units)

- **3** KINS 171 Adapted Physical Education: Basic Skill/Fitness Activities and Assessment (KINS 177)
- **3** KINS 176 Perceptual Motor Development
- **3** KINS 177 Introduction to Adapted Physical Education
- **3** KINS 179 Adapted Physical Education: Program Planning (KINS 171, KINS 177)
- **3** KINS 194E Assigned Internship in Adapted Physical Education (Any two of the following: KINS 171, KINS 176, KINS 177 or KINS 179; permission of Adapted Credential Advisor)
- **2** EDS 120A Management of Learning and Teaching (Corequisite: EDS 120B)
- **1** EDS 120B Management of Learning and Teaching Lab (Corequisite: EDS 120A)
- **3** RLS 125 Therapeutic Recreation and Persons with Physical Disabilities (RLS 106 or instructor permission; RLS 106 may be taken concurrently)

#### B. Prerequisite courses for students who are not Physical Education Teaching Concentration Majors:

- **3** KINS 130 Physical Education for Children (KINS 138. Corequisites: KINS 135, KINS 149) OR
  - KINS 172 Movement Education
  - KINS 151 Kinesiology (BIO 022 or equivalent)
  - KINS 151D Applied Biomechanics (Corequisite: KINS 138)
  - KINS 158 Motor Learning (BIO 022 or equivalent)
  - **2** HLSC 136 School Health Education (CPR training; may be taken concurrently)
  - **4** BIO 022 Introductory Human Anatomy (BIO 001, BIO 002, BIO 010, BIO 020, or instructor permission)

### New Program

#### REQUIREMENTS - CREDENTIAL - ADAPTED PHYSICAL EDUCATION SPECIALIST

Units required for Credential: 21

**Note:** It is intended that the courses in this specialty be taken in addition to or concurrent with the courses required for the Single Subject Teaching Credential in Physical Education.

**Briefly describe the program proposal (new or change) and provide a justification.**

The present athletic training academic program is a Bachelor of Science degree in Kinesiology with the athletic training option. This program is accredited by the Commission on the Accreditation of Athletic Training Education (CAATE). The standard for accreditation (see below) requires that the Athletic Training Education Program (ATEP) be a major in order to be compliant. This program proposal is to have the athletic training program become a major as defined by university policy. This program proposal has no change to any part of the present academic program.

**CAATE Standard Section I. Curriculum and Instruction**

**II. Description of the Program** – The athletic training education program must be an undergraduate or graduate program that offers a major or graduate equivalent in athletic training. The undergraduate major or graduate major equivalent must be:

**II.1** consistent with other majors offered within the institution,

**II.2** identified as an academic athletic training major program in institutional academic publications, and

**II.3** indicated on the official transcript of the student as is normally designated for other undergraduate majors or graduate major equivalents at the institution.
CALIFORNIA STATE UNIVERSITY, SACRAMENTO – 2007

New Degree Program Proposal

BS in Athletic Training

Background
Sacramento State University has offered an Athletic Training Education Program since 1976. It originated as an NATA (National Athletic Trainers Association) Approved Undergraduate Curriculum Program. In 1990, Athletic Training became an Allied Health profession which created a need to change the educational process. In 1996, the Sacramento State University program became nationally accredited by CAAHEP (Commission on the Accreditation of Allied Health Education Programs). In 2000, the program was granted continued accreditation. In 2006, the national accrediting body changed to CAATE (Commission on the Accreditation of Athletic Training Education). With the current accreditation, our graduates are eligible to take the national certification exam to become a Certified Athletic Trainer.

Throughout the thirty-one years of the Athletic Training Education Program, it has been an option, first under the Physical Education major, and presently under the Kinesiology major. The curriculum has been led by two Program Directors, Dr. Jerry Bell from 1976 to 1979 and Doris E. Flores from 1979 to the present. There have been some minor curricular changes over the years to remain compliant with the accreditation standards. The program, as it is today, is accredited and will have the next scheduled site visit in 2012.

Presently, there are eight CSU campuses which offer an accredited Athletic Training Education Program. All are trying to achieve the same goal of being recognized as a major/degree program in athletic training. CAATE has mandated that all Athletic Training Education Program must have “major” status to be accredited (effective July, 2006). Any program not currently delineated as a major, verifiable on the institution’s website and in all university/college publications, as well as on student transcripts, will be found to be non-compliant and placed on probation until compliance is documented. This proposal addresses this new requirement.

Reason for Program Proposal
The Athletic Training Education Program (ATEP) is presently a Bachelor of Science degree in Kinesiology with a concentration in Athletic Training. The existing program will not change at all; the curriculum will remain the same and the program will remain administratively housed in the Department of Kinesiology and Health Science. In order to be compliant with the Commission on the Accreditation of Athletic Training Education (CAATE) accreditation standard listed below, the concentration in Athletic Training must become a major in Athletic Training:

CAATE Standard Section I. Curriculum and Instruction

Description of the Program – The athletic training education program must be an undergraduate or graduate program that offers a major or graduate equivalent in athletic training. The undergraduate major or graduate major equivalent must be:

11.1 consistent with other majors offered within the institution,
11.2 identified as an academic athletic training major program in institutional academic publications, and
I1.3 indicated on the official transcript of the student as is normally
designated for other undergraduate majors or graduate major
equivalents at the institution.

The current program accommodates an average of 20 to 22 students in the clinical program each
semester with most of the students coming from community colleges. This demand should remain
the same once the new program is created.

No additional resources are needed; the new program will utilize the existing curriculum, teaching
labs, faculty, etc. and it will continue to be housed in the Department of Kinesiology and Health
Science. There are adequate faculty, facilities, operating expenses, support services and equipment
to meet accreditation standards. The program just completed a site visit in February 2006 and has
been granted accreditation until 2012.

**Resources**
No additional resources are needed. There are no changes to the present curriculum and the
program will remain in the Kinesiology and Health Science Department.

**Proposal**
The major consists of 80 units:

and

Marilyn Hopkins, Dean
College of Health and Human Services

From:  Fred D. Baldini, Chair
        Department of Kinesiology and Health Science

RE:     Request for Major in Athletic Training

This is a request to have a new degree program added to the master calendar. Attached to this memo are a “New Degree Program Proposal” and a memo from me concerning the fiscal impact for such a program. As you will see in the proposal, CAATE (Commission on the Accreditation of Athletic Training Education), the national accrediting body for our Athletic Training Education Program, has mandated that all programs will have “major” status in order to be accredited. The requirement went into effect in July of 2006. Thank you for your consideration in this matter.

       Department of Kinesiology and Health Science

RE: CSUS Athletic Training Major Proposal

The proposal to create a new major in Athletic Training will have no fiscal impact on the department, college, or university. Currently, Athletic Training is a concentration in the Kinesiology major. The creating of a new major in Athletic Training does not require the addition of resources; existing faculty, lab space, and support currently given by the Kinesiology and Health Science (KHS) Department and the College of Health and Human Services will meet the needs of the new major. The new major will remain administratively houses in the KHS Department.

New Degree Program on the CSUS Master Plan: Regular Program

Program Name: Athletic Training Major Degree Program

Proposed By: Doris E. Flores
Department of Kinesiology & Health Science

A. Regular Program

1. Initiation of New Program

• Detail the purpose, scope, and content of the proposed program:

The purpose of the athletic training major degree program is to provide a quality education and to prepare the student through knowledge, skills and professional behaviors to become a competent entry-level Certified Athletic Trainer. The athletic trainer is an allied health care professional who specializes in the recognition, initial treatment and rehabilitation of injuries of the physically active person. Using a competency-based approach, the athletic training education program provides specific coursework and quality hands-on experiences for the student to develop knowledge and skill in the areas of prevention, recognition, evaluation, immediate care, rehabilitation and reconditioning of athletic injuries, health care administration and professional development and responsibility. Through these classes and experiences, the student will take their knowledge and analyze, critically think and solve problems as they relate to these areas in athletic training education. The student is given opportunities to develop confidence, leadership and socialization skills that will be used in their diverse clinical experiences. The program prepares the student to be a successful member of the work force in the community which follows the mission of the university.

Upon graduation, the student is eligible to sit for the national certification exam to become a Certified Athletic Trainer. After successful completion of this national exam, the student is ready to enter the work force as a Certified Athletic Trainer. The student may also pursue his/her education at the graduate level.

(see Appendix A for coursework in athletic training major degree program)

• Assessing the need for the new program, as it relates to the CSUS service area, and potential student demand for the program. Both substantial need and demand must exist to justify new degree programs;

The Athletic Training Education Program (ATEP) is presently a Bachelor of Science degree in Kinesiology with the athletic training option. The program will not change at all. The need for this proposal is for the program to be recognized as a major degree program in order to be compliant with the Commission on the Accreditation of Athletic Training Education (CAATE) accreditation standard:

CAATE Standard Section I. Curriculum and Instruction

Description of the Program – The athletic training education program must be an undergraduate or graduate program that offers a major or graduate equivalent in athletic training. The undergraduate major or graduate major equivalent must be:

I1.1 consistent with other majors offered within the institution,
I1.2 identified as an academic athletic training major program in institutional academic publications, and
I1.3 indicated on the official transcript of the student as is normally designated for other undergraduate majors or graduate major equivalents at the institution.

The program accommodates an average of 20 to 22 students in the clinical program each semester. The demand will remain the same as it is in the present program.

The community colleges feed our academic program as more than three fourths of the students are transfer students. During their clinical rotations, they are placed at four clinical sites, on and off campus. On campus, the student works with the CSUS athletic teams and observes in the Student Health Center with the general student. Off campus, the student works with the athletes at American River College.

- Preparing, with the assistance of appropriate administrative personnel, an estimate of the resources (existing and new) required to operate the proposed new program in accord with acceptable academic standards. Proposed sources for funding the program are to be identified: e.g., department, college, university of other funds.

No additional resources are needed as the program will remain as the present curriculum. There are adequate faculty, facilities, operating expenses, support services and equipment to meet accreditation standards. The program just completed a site visit in February 2006 and has been granted accreditation until 2012.

2. Justifying the need for a new academic program

There are no changes to the present academic program. The program needs to be recognized as a major degree program. This is necessary to remain compliant with the standard for the program to be nationally accredited by CAATE. By having the program nationally accredited, the student, upon graduation, will be eligible to sit for the national certification exam to become a Certified Athletic Trainer.

There is a need for athletic trainers nationwide in both traditional and non-traditional settings. Occupational Outlook Quarterly (Spring 2005) has identified the job market for the athletic trainer is expected to increase at a faster rate than most occupations through 2012. This is due to state regulation of athletic trainers and job growth in the non-traditional settings. The opportunities for job placement in the traditional setting include high school and college athletics and professional sports. The non-traditional settings include clinics, hospitals, the military, industrial and commercial settings and performing arts.

There are presently sixteen CAATE accredited undergraduate programs in the state of California and three hundred and forty-four nationally. We are one of eight such programs in The California State University System and serve most of the athletic training students in the Northern Californian region. Our program is well established having been first approved as an athletic training curricular program in 1976.

The academic program requirements include courses from five departments (Kinesiology, Biology, Chemistry, Family and Consumer Science and Nursing). We presently have two full-time athletic training faculty members who are Certified Athletic Trainers and one who is a Physical Therapist. If the program is not approved as a major degree program, there
would be a significant impact in the department. If the program does not retain CAATE accreditation, the student demand for the program would decrease because the graduate would not be eligible to sit for the certification exam.

Because it is a nationally accredited program, the standards must be met and evaluated annually. The standards are very specific when it comes to personnel, facilities, equipment, administrative support and curriculum matters. Since 1976, the program has achieved continuous approved or accredited status through the appropriate governing bodies in athletic training. The program is presently in the "active accreditation" status until 2012. Elevating the academic athletic training education program to a major degree status is required to continue being recognized as a CAATE nationally accredited program.
