The Sacramento State Hornet Bookstore and Bursar’s Office have teamed up to offer students a Bookstore Loan of up to $1,500.00 per semester.

To support technology equity and student success, this optional program is designed to help degree-seeking students charge all or a portion of their coursework essentials including required books and supplies to their student account for repayment.

Students will be required to sign a contract (in-person) or agree to terms (online purchases) indicating their consent to post the charges to their student account, and agreement to repay the loan. Students must not have defaulted on a previous bookstore loan to qualify.
