BUSINESS MATTERS @ SAC STATE

TOPIC: Concur Fund & DOA Issues

DATE: Tuesday, May 12, 2026

FROM: Financial Services

We are aware that some Fund Accounts, such as X-Funds (UFSS), are not currently in Concur. Campuses do not have access to the part of Concur where Funds are loaded, so we are working closely with the Chancellor's Office (CO) to make these updates. We understand that this creates a delay in reimbursements from these Funds, and have made that clear to the CO.

Additionally, Accounting Services is working diligently to have DOA attributes for Fund accounts such as TECCE (CCE) and TNR09 (IRA), updated and accessible in Concur.

We apologize for the disruption and will communicate again as soon as these issues are resolved.
