DATE: Thursday, June 18, 2026

FROM: Accounts Payable & Travel

Please take a moment to review the following updates to your Concur Travel experience, effective this coming Monday, June 22, 2026.

What's changing?

In addition to a redesigned user interface you'll enjoy on both mobile and desktop, you'll see:

- **Enriched content:** See all your travel options in the blink of an eye. Like increased sources, better imagery, and richer descriptions, all in one view.
- **Time savings:** Search and book at top speed with smarter workflows and faster checkouts.
- **More sustainability options:** Make the most sustainable choices with upgraded comparisons in CO2 emissions and additional filters.
- **Enhanced searching:** Omni-search capability suggests matching options for cities, airports, company locations, addresses, and many other points of interest.

What about my existing trips?

- Trips booked **prior to the transition will not be visible in Concur** once your account is moved to Sabre. However, all your trip data remains securely stored and accessible.
- If you need to make changes to an existing booking, please contact the advisor team directly:
 - **Phone:** (800) 600-3737
 - **Email:** trips@cbtravel.com

What do I need to do?

Nothing. All your profile information, existing trips, and company policies are automatically integrated into the new experience. And you'll sign in the same way you always have.

What's next?

These enhancements are just the beginning. As Concur Travel continues to roll out new features, we'll be sure to let you know. Be sure to bookmark the end-user resources in the SAP Community as well as the new Concur Travel Resource Center – and visit these pages frequently to take advantage of the latest updates.
