Student Employee Start Date and End Dates
Hiring Managers may not authorize student employees to start work until they have received an official Employment Confirmation Notice from the Human Resources Student Employment Office. Student employees will receive their notice within 48 hours of completing all required HR/Payroll forms. Student employees are not allowed to work beyond their appointment end date.

Work Schedule
Hiring Managers should discuss the student employee's work schedule with the student. Student Employee's first role at Sacramento State is to be a student. Their hours may vary depending on exams and papers. It is important that the hiring manager remains flexible with student's hours. It is the student's responsibility to inform their manager of exams and papers ahead of time to allow the manager to plan around their school needs.

Student's Hours
Student employees are not allowed to work over 20 hours per week. This includes students who have multiple positions on campus. For example, a student who works 10 hours in one department can only work 10 hours in another department.

Breaks
Student employees are required to take a 15 minute paid break within the 4 consecutive hours worked, and are required an unpaid half hour break after 6 consecutive hours of work. If the student works two jobs, the student employee is still required to take a meal break after 6 consecutive hours. It is both the student and department's responsibility to keep a record of when breaks are taken.

Timesheet
Student timesheets must be filled out accurately, and provided to the hiring manager on the last day of the pay period for confirmation of hours worked. The signature of both the manager and time keeper are required. All signed timesheets need to be submitted to Payroll prior to deadline. Instructions on how to fill out student timesheets correctly, and Payroll deadlines can be found on the Payroll website at: <http://www.csus.edu/hr/departments/payroll/index.html>.

Campus Jobs
Students are allowed to hold multiple student employment positions (i.e. RA, SA, GA, TA, Federal Work Study (FWS)) student employees are only allowed one RA/G position. Student employees can be appointed to multiple positions as long as 20 hours per week are not exceeded.

I, the hiring manager, acknowledge and agree to all of the above and have provided the new student employee with all steps and forms required before starting work.
