June 16-19 Campus Gas Outage

PG&E is currently repairing a gas transmission line on Moraga Way. As part of this repair, PG&E will shut down the natural gas to our campus beginning at 6:00 a.m. on Tuesday, June 16. This outage is expected to last until 9:00 p.m. on June 19, 2020. Our campus heating system has been previously shut down and the only noticeable effect of this outage will be that buildings relying on natural gas-fired water heaters will have no hot water during that time. The affected buildings include:

Art Sculpture Lab
ASI Children's Center
Broad Fieldhouse
Capital Public Radio
Central Plant
Facilities Management
Kadema Hall
Library 2
Mendocino Hall
Modoc Hall
Non-Destruct Lab
Outdoor Theater
Placer Hall
Public Safety
Riverside Hall
Solano Hall
