A&O ADMISSIONS & OUTREACH

Dear {#First Name#},

Effective Fall 2012, the Chancellor's Office of the California State University granted the Department of Kinesiology and Health Science impactation status for its undergraduate Health Science program. Students applying to the major are required to submit a supplemental application. New applicants, including transfer students, must be admitted to the University prior to applying to the major.

You have received this message because you have an academic plan of Undeclared or Expressed Interest: Health Science (HLSC). Currently, you are **NOT** a Health Science major. Students who are interested in Health Science must meet the following supplemental admission criteria **AND** submit a supplemental application.

- Admittance to the University
- A 2.0 minimum in overall GPA
- The completion of 45 units
- A grade of "C" or above in all pre-requisite courses:
BIO 25, BIO 26, CHEM 6A, and STAT 1 or the equivalents

Students who submit a completed supplemental application will be ranked by their overall GPA. The department will follow the rank order, beginning from the top and continue until the estimated number of seats is filled by concentration.

If you have met the requirements for admission and wish to apply for the Health Science program, please go to <http://www.csus.edu/HHS/KHS/hlsc/impaction.html> to access the supplemental application beginning February 16, 2015 and to view all important dates.

Application Deadline: March 6, 2015
