

# Course Repetition Impact on My Financial Aid

Effective July 1, 2016, federal regulations changed to include graduate or professional students.

## Repeat Policy Conditions

- If a student repeats a course that is not eligible for federal aid, a recalculation of aid is completed to exclude the credits for the repeated course
- The federal policy applies whether or not the student received aid for earlier enrollments in the course
- All repeated courses are counted as attempted units

## What is a Passing Grade?

For federal student aid, passing grades higher than an “F” will be considered to have passed the course and considered as an attempt. NOTE: This is regardless of any university or major program policy requiring a higher grade or measure for academic purposes.

- Passing grades are: “A”, “B”, “C”, “D” and all associated with “+” or “-” as well as a grade of “CR” (Credit)
- Not passing grades of “NC” (No Credit), “I”, “WU”, “F”, are considered as attempts after the student has earned a passing grade for the repeated course. Not passing grade of “W” are official withdrawals and not considered as attempts.

Scenarios	1st Attempt	2nd Attempt	3rd Attempt	Eligible for Aid?
<b>Scenario 1</b>	Passing Grade	Passing Grade	Enrolled	No
<b>Scenario 2</b>	Failing Grade	Passing Grade	Enrolled	Yes

### **What do I do if I am repeating a course?**

- The Financial Aid & Scholarships Office will adjust your federal aid accordingly and will send you a notification letter regarding the adjustment
- Adjustments may result in the repayment of aid. You will be notified regarding repayment of aid, if any, owed due to repeated coursework
- You have the option to change your enrollment, from late registration thru Census
- A financial aid hold may be placed on your account preventing disbursement of all aid and you will be required to meet with a Financial Aid Counselor
- We will verify after Census, federal aid eligibility based on your current enrollment. This may reinstate federal aid previously adjusted
