Data Center’s scheduled yearly summer maintenance
IRT plans a shutdown of the Sacramento State data center to perform yearly maintenance on key systems from 6 a.m. to 7 p.m. Saturday, July 26. This outage will affect most campus technology services. There is no good time to shut down systems for maintenance, but we try to pick the lowest-usage times twice a year – once in summer and once during winter break – to do this work. We ask that you keep this in mind when planning any summer activity or class. Affected systems will include:

- Email
- The Sac State website
- My Sac State
- Student, faculty and employee centers
- SacCT
- SacVault (data warehouse)
- Internet and wireless access
- NetApp file services (N:, P: and U: drives)
- VMware infrastructure and virtual servers

If you have questions or concerns, please call the service desk at 278-7337.

For questions, please contact Accounts Payable & Travel at aba-fin-ap-travel@csus.edu or 278-6476; or Procurement & Contracts Services at aba-fin-procure@csus.edu or 278-7810.

**Security tip: Don’t share passwords**
A study of criminal prosecutions found an average associated financial loss of $3 million per incident for “social engineering” or insider-type crimes. Many institutions have been targets of these types of crimes, including universities. Almost 90 percent of the crimes began with attackers logging onto accounts with IDs they obtained inappropriately. While IDs are sometimes illegally obtained by the use of passwords, such as cracking programs, many are obtained “the old-fashioned way” – by collusion with people in the institution who share IDs and passwords, sometimes simply for convenience.

**Benefits – did you know? CalPERS Long-Term Care Program**
Long-term care helps protect assets and lifestyles against the potentially catastrophic cost of long-term care services, including care in an eligible facility, such as in a nursing home or assisted living/residential care facility; care at home; and care in a community setting, such as adult-day services or respite care. Current California public employees, retirees, their spouses, parents, parents-in-law, adult children and adult siblings between the ages of 18 and 79 are eligible to apply for coverage. Applicants do not have to participate in CalPERS retirement or health benefit programs to be eligible. Eligible family members may apply for CalPERS LTC, even if the public employee or retiree who makes them eligible does not apply for, or is not approved for, coverage. Applicants must pass underwriting to be approved for coverage.

Visit the CalPERS Long-Term Care Program website at www.calperslongtermcare.com, or contact the CalPERS Long-Term Care support line at (800) 908-9119 for additional information and to learn how to apply for coverage.
