

# The Safety Buzz

*News and Tips From EH&S To Help Keep Every Hornet Safe* Vol. 1  
Summer 2025

## What's Happening Around Campus:

Summer provides the campus personnel opportunities to complete projects around campus, as well as construction. Please be observant and patient with traffic and equipment that may be moving throughout campus. Please contact EH&S at 8-2020 with any specific questions.

Have you completed your Respirator Medical Clearance and Fit Test?

For those positions that are a part of the Respiratory Protection Program, now is a great time to complete your annual Respirator Medical Clearance and Fit Testing! Contact [Tom Scarry](mailto:thomas.scarry@csus.edu) at thomas.scarry@csus.edu or 8-5176 for more information.

## EH&S Team Spotlight:

Sacramento State EH&S consists of a team of Safety Professionals with decades of experience in both higher education safety, and private industry. With professional certifications and experience in a vast array of fields, including [Industrial Hygiene](#), [Occupational Safety](#), [Asbestos and Lead Surveying](#), [Hazardous Materials Management](#), [Risk Management](#), and [Emergency Management](#), the EH&S team is prepared and equipped to address the Occupational and Environmental Safety of the campus community.

As pictured from left to right, the team includes:

- Meysee Vang - EH&S Specialist
- Bob Hitomi - Environmental Specialist
- Tom Scarry - Occupational Health and Safety Specialist
- Tyler Harris - Director of EH&S
- Janee' Hardman - Industrial Hygienist

Contact the [EH&S team](#) at 8-2020 to talk about your departments EH&S needs!

Stay tuned in to future Safety Buzz's for EH&S Team Member Bio's!

## Heat Safety

The completion of the Spring semester means that Summer has arrived! Please be ready of those warm summer days that lie ahead, and plan ahead before you head outside. Stay hydrated, identify areas for shade and rest, and be aware of warning signs of heat illness. Please visit the [Sac State EH&S Heat Illness Information Page](#) for more information.

## Annual Laboratory and Shop Walk Throughs

In the coming months, EH&S will be reaching out to Principal Investigators and Department staff about the 2025 Laboratory and Shop Safety Walk throughs. This is a great time to discuss with the safety team plans for the upcoming semesters, review current and future training needs, and discuss any and all things safety with EH&S. Your assigned Safety representative will be in contact soon to schedule.

## Chemical Inventory System Updates

The [CSU System and Risk and Safety Solutions \(RSS\)](#) have partnered to provide campuses with a software program that encompasses all things safety. Implementation of the RSS software into labs and shops has been ongoing for many semesters, and this summer EH&S will be working closely with applicable campus departments on implementation of a new and improved chemical inventory software. Please contact your [EH&S Safety Representative](#) to see how RSS Chemical Inventory will impact you!
