ABOUT THE CENTER FOR PRACTICAL AND PROFESSIONAL ETHICS

Founded in 2005 by the Philosophy Department as a complement to its teaching and scholarly focus upon ethics, The Center for Practical and Professional Ethics takes as its overriding mission to foster and enhance the place of ethics in professional and public discourse, and to foster and support ethical practice, both in the University Community and in the broader Sacramento Region. Its mission is, therefore, educative, scholarly and practical. For further information about this and future ethics events, to support our activities, or for consultation services, please visit www.csus.edu/cppe.
