¿Cuál de las siguientes categorías mejor describe el ingreso anual de su hogar, de todas fuentes?

INTERVIEWER NOTE: Income information is very important because some of the programs we plan from the data we collect will be for people in certain income level groups. Furthermore, people's chances of illness or injury may vary according to their income and their ability to access health services. Your answer may help us learn how we can lower people's chances of becoming ill.

La información de ingresos es muy importante debido a que algunos de los programas que planeamos son de los datos que coleccionamos, y será para la gente en ciertos grupos de nivel de ingresos. Por otra parte, las posibilidades de lesión o enfermedad puede variar de acuerdo a sus ingresos y su capacidad para acceder a los servicios de salud. Las respuestas de la encuesta pueden ayudarnos aprender cómo podemos reducir las posibilidades de enfermedad.

smoked at all in the last 30 days. Although this seems to ask for the same information as SMKEVDA2, it gets at different information for purposes of analysis. A person may not be considered a current smoker, but may have smoked during the past 30 days, which reveals a lot about their smoking history. Persons may also say that they currently smoke cigarettes, but when responding to the questions about smoking in the past 30 days we may find that they smoke very little or have different smoking patterns.
