## Frequently Asked Questions

### Should I get the M.A. or the Certificate?

It depends on your career goals. If you plan to teach at the adult education level or to go overseas, a certificate may be adequate. If you hope to teach at the community college or university level, you will need the M.A.

### How long does the program take?

While individual circumstances may vary, it is realistic to expect to complete the M.A. in two years, beyond prerequisites.

### Do I have to take all of the prerequisites at Sacramento State?

If you have taken equivalent coursework elsewhere, it may be substituted for the prerequisites listed above. All substitutions must be approved by the TESOL Coordinator. Under no circumstances will any coursework more than seven (7) years old be accepted for transfer.

### Do I have to complete all the prerequisites before applying to the MA TESOL Program?

No, you don't. You can complete any outstanding prerequisites after being accepted to the program.

### Is financial aid available?

In a public university, financial aid in general is scarce. For graduate students, it is limited primarily to loans and specialized scholarships. California residents may also apply for the California Graduate Fellowship program.

### Are there opportunities to gain ESL teaching experience during the MA TESOL program?

Yes! We have several available internship courses in the English Department, in the on-campus intensive English program, and in local community colleges. In addition, students may be eligible for paid graduate assistant or teaching assistant positions in English and the on-campus intensive English program.

### Can I teach elementary or high school ESL with a TESOL Certificate or M.A.?

No. You will need a regular teaching credential. However, a TESOL Certificate or M.A. in addition to a credential may improve your employment prospects.

### Can I get academic credit for work experience completed prior to admission the TESOL program?

Under no circumstances do we award academic credit for work experience completed prior to admission to the TESOL Program.
