IMPORTANT INFORMATION FOR STUDENT:

After advancement to candidacy the student may enroll in Humanities and Religious Studies 500, Culminating Experience. An "SP" (satisfactory progress) or "NC" (no credit) grade is assigned the semester the student enrolls. The "SP" grade will be changed to a "CR" (credit) grade the semester the thesis is submitted (if completed within two years of advancement). An "NC" grade is assigned if inadequate progress is made toward completion of the thesis, or if the thesis is not completed within two years of advancement. After receiving an "NC" grade, the student must reapply for candidacy and enroll again for thesis units.

After all coursework is completed and the student is working on the thesis, a "Petition for Exception from Regular Procedure in Graduate Work" must be filed each semester the student is not enrolled in classes. This form may be used to request a fee waiver and continuation of library privileges.
