

SACRAMENTO STATE

School of Music

TROMBONE STUDIES

The Low Brass program at Sacramento State offers students the opportunity to pursue Bachelor of Arts, Bachelor of Music and Master of Music degrees in trombone, euphonium or tuba performance. Excellent facilities are provided for this diverse program in which the student may explore a wide variety of repertoire through performance with the University Orchestra, Symphonic Wind Ensemble, Concert Band, Marching Band, Jazz Ensembles and various chamber ensembles. In addition to individual instruction and specialized courses in performance practice, students also work directly with the numerous guest artists that periodically perform and teach at Sacramento State.

Prior to acceptance into degree programs, students must pass an entrance audition. The following list includes suggested solo works. To discuss other acceptable audition literature, contact:

Steve Perdicaris perdicaris@csus.edu

All students should be prepared to demonstrate technical proficiency in playing scales, arpeggios, legato, clefs, and sight-reading.
