### **PARKING INFO**

The School of Music has an arrangement with UTAPS, whereby parking is free in Parking Structure 1 (PS1) for any of our **ticketed** concerts in Capistrano Hall; parking will not be enforced in PS1 starting one hour prior to the concert start time at these events.

For parking at our other free concerts throughout the year: parking at Sac State now uses *virtual permits*, which are based on your vehicle's license plate number. There will be a music stand in the lobby of our building, starting one hour prior to each concert, with a QR code you can scan with your phone's camera. You will need to login or create a Guest account (if you have not created one already), and enter your license plate number and the date of the event as the "valid date" to be issued a permit.

*If you do not have a smart phone:* you can email us at [gdisney@csus.edu](mailto:gdisney@csus.edu) to request the permit link to be mailed to you for a specific event in advance. You can then setup your permit from your home computer.

Daily virtual parking permits may also be purchased for \$7 from the machine on the 5th floor of the parking structure adjacent to Capistrano Hall. The machines on campus accept cash (exact change) or credit.

*continued on next page*

Parking passes are not generally provided for masterclasses, lectures, or other types of events. The School of Music does not arrange parking for community events held at Capistrano Hall. It is the responsibility of the organizations that run these events to make arrangements with UTAPS directly. *Attendees at festival events such as the Winter Jazz Festival, Teagarden Jazz Festival, or Golden Empire Music Festivals should purchase parking permits as outlined above.*

*NOTE: If for any reason you receive a citation while on campus, the reverse of the ticket has a web address for appeals. You can also visit the UTAPS website for more information, or email us. Please note that the School of Music does not have the ability to contest or waive parking tickets.*
