Shriners Hospitals for Children — Northern California is a regional pediatric medical center providing highly specialized care and rehabilitation to children with congenital conditions and complex medical needs regardless of the families' ability to pay. Located just minutes from downtown Sacramento, the Northern California Shriners Hospital treats children who have orthopedic conditions, burns, spinal cord injuries, cleft lip, scars from any cause, need for specialized plastic surgery and other complex surgical needs. Our hospital is a destination of choice for families throughout Northern California, the Western United States, Northwestern Mexico and Canada. The course of care is determined individually for each patient. Each patient's path to success is fueled by private donations and driven by excellence in treatment, teaching and research.
