**\* If the evaluator (language) is not included on the WLL list of approved evaluators, they must provide a written statement to be printed on company, agency or institutional letterhead briefly describing their qualifications as well as which skills were tested and an overall assessment. The evaluator's contact information must be accurate and up-to date in the event that the University Registrar chooses to contact them for verification or clarification – this responsibility lies solely with the student. It is recommended that the evaluator has some experience teaching and/or is completely fluent in speaking, reading and writing the language to be evaluated.**
