

Italian Minor

The Italian minor program offers its students a strong foundation in Italian language, literature, cinema, and civilization. Students who concentrate on Italian studies may teach in secondary schools, be admitted to graduate school, work in translating and interpreting firms, or work at the national or international level for Italian firms or American firms dealing with Italy. Statistics show that Sacramento State graduates are in graduate programs, are teaching Italian, or are working in international programs, using their preparation from the Italian minor program.

Program Requirements

Units required for Minor: 12 upper division units.

Note: Students are required to meet with an advisor for course selection.
