Kyle Abelardo – Accountancy Concentration

"The BHON program did not only teach me what I needed to learn academically but also helped me find my personal goals."

Tori Akers – Marketing Concentration

"The BHON program has been the most challenging, but rewarding experience, to say the least. Given COVID, it was not the most ideal BHON program experience, but my cohort has made it all worth it. If it was not for the friends that I have made and the support I have felt, I would have not seen the success I have; whether in the program, in school, or in my career. Of all the things this program has provided me with, a support system has far outweighed the rest. My cohort has got my back! I will miss seeing everyone's faces, but I know we're all moving on to bigger and better things. Congratulations Class of 2021!"

Spencer Blanda – Accountancy Concentration

"The program helped me to be a leader, work as a team, and build my confidence for trying new endeavors!"

"My favorite experience was getting to meet such high caliber students with the Business Honors Program (BHON). It made my time at CSUS so worthwhile. We were there to help each other and remind each other of when stuff was due. I'm truly grateful I got to meet them all."

Elizabeth Hosea-Small – Accountancy Concentration

"My favorite memories include our laughter and the bonding we did as a cohort. Even through a pandemic, we stuck together and worked as a team, never letting the stress slow us down. While this wasn't the experience we initially signed up for, I wouldn't trade it for anything. "

Mankirat Jhutti – Finance Concentration

Kulwinder Kaloty – Accountancy Concentration

"I was very impressed by BHON Program, It provided me update Business information globally, I think regular classes might not provide that information. Moreover, it provided information how IT plays a big role to operating one business to another business. I got a chance to read different business organization culture, structure and so on. "

Eric Cameron S. H. G. Smith – Marketing, International Business, and Entrepreneurship Concentrations

"My fondest memory of the BHON program was being able to grow so close with all of the cohort members, and to share laughs, tears, and triumphs of joy when we did well on tests or presentations. I will miss them all dearly, and I wish them all the best of luck in their future endeavors."
