AI Management Minor

SACRAMENTO STATE Effective Fall 2026

The Minor in AI Management provides students with a foundational understanding of artificial intelligence (AI) and its strategic role in business decision-making. This interdisciplinary program equips students with technical and managerial knowledge to effectively oversee AI-driven initiatives, ensuring ethical, responsible, and impactful AI adoption in organizations.

Through core courses, students will explore the fundamentals of business information systems, programming essentials, and the responsible use of AI, including ethical considerations and regulatory frameworks. Elective options allow students to tailor their learning to specific AI applications.

A student wishing to minor in AI Management must file a Minor Request Petition (available at www.csus.edu/cob/ose under forms and handouts). At least nine (9) upper division units must be taken in residence.

To earn a minor in AI Management, a student must have a minimum 2.0 (“C” average) grade point average in the courses presented for the minor, with a minimum acceptable grade for any course being a “C-”.

Finance Minor Requirements (15 units)
