Entrepreneurship Minor

Effective Fall 2026

The Minor in Entrepreneurship is tailored to give students from non-business majors and business students with other concentrations the opportunity to enhance their undergraduate education with foundational training in entrepreneurship. The program covers a range of topics, including business model generation, venture growth, social entrepreneurship, and corporate entrepreneurship. While rigorous, it remains flexible to accommodate diverse academic backgrounds. Students will find this minor valuable for expanding their knowledge and exploring new career opportunities, such as starting their own businesses, joining a startup, or working as freelancers.

A student wishing to minor in Entrepreneurship must file a Minor request petition (obtained in the Undergraduate Business Advising Center). At least nine (9) upper division units must be taken in residence.

To earn a minor in Entrepreneurship, a student must have a minimum 2.0 (“C” average) grade point average in the courses presented for the minor, with a minimum acceptable grade for any course being a “C-”.
