Counselor Education Ambassadors 2020-2021

RayeAnne: Hello. I'd like to start off by saying, thanks for stopping at my blurb. The fact that I have my name and face in relationship with the Counseling of Education Program is a humbling honor. So, thank you for recognizing my achievements. This is a place of growth, of challenges, of learning, and of love. From sitting in a panel interview with the most brilliant minds, to current time, this group of people that I have the pleasure of going through this experience with, have become my dearest friends and some future bridesmaids. If you're on the fence and thinking "what are my next steps?" I would love to talk to you more about your options and opportunities with the Counselor Education Program. Thanks for stopping by!

Joann: My name is Joann and I am one of the new Counselor Education Program Ambassadors for the 2020-21 academic year. I graduated from Sac State in 2010 with a BA in English and am currently a graduate student in the Counselor Education Program pursuing a Career Specialization. I am currently in my last year of the program completing my field study hours and am expecting to graduate Spring 2021! In addition to being a full-time student, I have a full-time job as a Student Services Professional. Though the graduate application process can be intimidating (especially for those of us who are the first in our families to pursue a graduate degree), we are all here to help. I am available for any questions you may have as you navigate this process-I am in your corner!
