MA CHAD ADMISSION REQUIREMENTS

Admission as a classified graduate student in the Master of Arts in Child and Adolescent Development Program requires:

- a BA in Child and Adolescent/Human Development or a closely related field. Some applicants may be admitted with the condition that certain prerequisite courses be completed before beginning the requirements for the MA CHAD Program;
- minimum 3.0 GPA in the last 60 units completed;
- completion of an upper-division course in research methods (e.g., CHAD 123, CHAD 128, and/or CHAD 133, or equivalent);
- completion of an upper-division course in human development theories (e.g., CHAD 137 and/or CHAD 138, or equivalent).

Opportunity exists for conditional classification of applicants with an undergraduate major and experiences different from those listed above. This requires that students demonstrate convincingly that they are competent to pursue the CHAD MA degree.

Documents Required for your Application

1. Personal Statement (~500 words)
2. Two academic and/or professional letters of recommendation
3. Unofficial transcripts from ALL colleges/universities attended
