PROGRAM OVERVIEW

DESCRIPTION

The Mild to Moderate Support Needs (MMSN) Credential authorizes the holder to provide instruction and special education support as well as conduct educational assessments related to student's access to the academic core curriculum. The MASET program focuses on inquiry-based education which includes hands-on instruction with problem-based learning and issues-centered curriculum and a focus on reflection during the teaching and research process.

The program foundation rests in social justice and equity in education for all children and youth, including those with disabilities, and their families. The materials and associated activities presented in the MASET coursework are highly integrated to support candidates with successful completion of the Master of Arts in Special Education Teaching degree.

LEARNING OUTCOMES

- Demonstrate respect and support for the diversity and dignity of all persons, regardless of age, race, ethnicity, language, socioeconomic status, religion, gender, national origin, abilities, family composition, and sexual orientation
- Facilitate collaboration among general and special educators, families, related services personnel, and community agencies to educate students in inclusive settings
- Utilize innovative and evidence-based practices for assessment and evaluation, program planning, curriculum, educational interventions, positive behavioral supports and transition aimed at the development of life-long learners
- Demonstrate the core values of student advocacy, teacher advocacy, cultural competence, and family-centered, transdisciplinary collaboration
- Be effective agents of systems change and promoters of social justice in their schools, programs, communities, and professional disciplines
- Critically analyze/apply knowledge of teacher action research approaches/designs to determine tools and methods of data collection to conduct thesis research.
- Demonstrate knowledge of appropriate types of data analysis used in teacher action research/classroom inquiry and of how critical analysis can be used interpret data in diverse school and community settings
- Explain how data analysis and interpretation informs teacher practices, curriculum development, and/or education policy to support educational systems change
- Apply critical and independent thinking to present research question(s), literature related to the research topic, data collection methods and tools, data analysis, and implications of the research results in both written and oral formats

PROGRAM OPTIONS

- Summer start + 2 semester option
- Opportunities to be a traditional student, resident, or Intern
