Child Development Permit

Applying for the Child Development Permit

California offers six levels of Child Development Permits, each with its own set of issuance requirements and each authorizing the holder to perform different levels of service in child development programs. The permits are issued by the California Commission on Teacher Credentialing (CTC), which is the same agency that issues Teaching Credentials for Public School Teaching. Permits are required if you work for a school that is funded by the Department of Education or Head Start although it is useful to have for title 22 programs as well.

Sacramento State is approved by the Commission on Teacher Credentialing to fast-track permit processing. Students and alumni who apply for permits through our Child and Adolescent Development program receive their permits in about 6-8 weeks compared to the typical 4-6 months for standard processing.

Step-by-Step Instructions

Step 1: Contact any of the Child Development Faculty Advisors

If you are interested in learning more about the CHDV permit or want to apply for the CHDV permit, please email one of the faculty advisors.

Step 2: Obtain Official Transcripts from all colleges you have attended

The CTC accepts only official transcripts. The Commission will accept electronic versions of official transcripts (e-transcripts) when verification is provided that the transcripts were submitted directly from the college or university to the county office or credential program sponsor. Such verification is usually provided on the e-transcript coversheet or each page of the transcript. The Commission will not accept e-transcripts that were sent directly to an individual educator. Most colleges have online ordering. Search "Transcripts" on your college's webpage or contact their Records office. To order CSUS transcripts, click here.

Step 3: Determine the CHDV Permit level you qualify for

- See the Child Development Permit Matrix (external link)
There are two pathways to qualify for a Permit. Choose the best match for you:

- Option 1 for candidates without previous degrees
- Option 2 Alternative Qualifications for candidates who have an AA/AS, BA/BS, MA/MS or Higher degree

Step 4: Optional - Child Development Training Consortium (CDTC)

The processing fees for some permit levels can be paid for by the Child Development Training Consortium (CDTC) when funding is available (see below for details). Check with a faculty member on availability of this funding. If funding is not available you may still apply for your permit using the process shown below for the higher permits. CDTC pays for:

- Waives the Permit Application Fee
- Reimburses for fingerprinting

1. Applications for Assistant, Associate Teacher, Teacher and Master Teacher will be accepted when funding is received;
2. Upgrades to all levels unless applicant holds a Site Supervisor permit*;
3. All CDTC documents can have electronic signatures (permit and live scan request forms);
4. A copy of the completed live scan form LS41 with Section 6 (bottom portion) completed and the original payment receipt for reimbursement;
5. Renewals for Teacher and Master Teacher can be done via email because there are no original documents requirements (transcripts);
6. If an authorized agency has received e-transcripts, the applicant can send them with the application.

*Site Supervisor to Program Director upgrades will not initially be funded, but may become available later in the fiscal year.

Save original receipts for reimbursements and payments.

Renewals

- Visit the Commission on Teacher Credentialing for Online Permit Renewal (external link). Save the receipt for CDTC reimbursement. $55 of $57 is reimbursed.
- Assistant and Associate Teacher Permits cannot be renewed. You must upgrade to a higher level by the expiration date.

Type or print all information requested on the application form. Applications not completely and accurately filled in and accompanied by all required supporting materials will be returned to the applicant. It is best to fill out the application form before printing it rather than filling it out by hand to assure it is fully legible. It is advisable to print an extra copy to keep with your records until your credential is issued. You must not submit an application to the Commission with handwritten changes to any information required to process your application. Applications received with blotted out, crossed out, or whited out changes will be returned and a new Form 41-4 complete and free from errors will be required.
