

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Human Subjects Testing of Medical Devices
Patient Positioning Device Testing

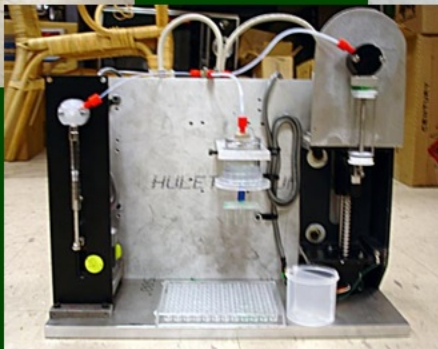

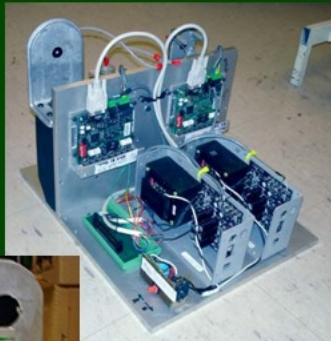

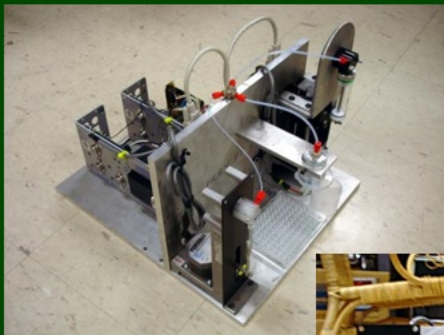

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Prototype Medical Device Development
Patient Monitor

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Concept R & D and Testing
Automated Diluter/Pipetter Test Bed

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Human Subjects Testing of Medical Devices
Surgery Device Testing

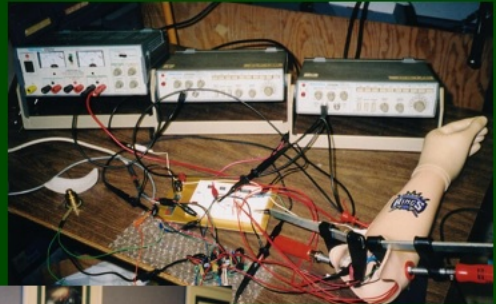

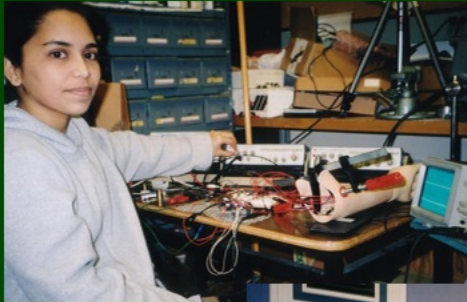

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Human Subjects Testing of Medical Devices
Robotic Surgical System Testing

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Prototype Medical Device Development
Artificial Arm Monitor

Medical Device/Biotechnology Design, Prototyping, and Testing

Example: Prototype Medical Device Development
Child Activity/Fall Monitor
