

Cooperative Education Program

Declaration of Policies

For Off-Campus Learning Experiences

The University has asked that we inform students prior to their participation in any off-campus learning experience of the following policies and guidelines and that we obtain signatures from students indicating that they understand and will comply with the following:

- It is the responsibility of the employer/agency/community partner to inform students of any personal health or safety risks of which they are aware.
- It is the student's responsibility to ask about any potential personal health or safety risks. It is also the student's responsibility to comply with the host organization's health and safety requirements.
- Students are responsible for any pre-employment health and safety preparation and must participate in such preparation when offered by the host organization.
- The University does not assume liability for students participating in any off-campus learning experience and does not provide liability or medical coverage for participants in any off campus learning experience (unless otherwise provided on a departmental basis).

I have read and I understand the above guidelines related to my participation in any off-campus learning experience.
