Course Evaluation

COMMUNICATION SCIENCES AND DISORDERS
 Course Evaluation Instructions

The purpose of these evaluations is to provide the student assessment of teaching as an integral part of the review of instructors. Aggregate statistics reflecting the appraisal of each class will be inserted into the faculty personnel action file to be used at the time of review for retention, tenure, or promotion or for post-tenure review. Since your evaluations will thus be used for a very serious purpose, you are requested to engage in this process in a thoughtful and serious manner.

Evaluation results and comments will not be disseminated to instructors until after the semester grading cycle has completed.
