

### Curriculum Map for Institutional Graduate Learning Goals

**Directions:** Please list each graduate course from the current catalog in the first column, then type an X in the box for the Institutional Learning Goals met by each graduate course (each individual course may not meet all learning goals). In summation, courses in a program should meet all institutional learning goals. *Extra rows can be added by pressing the TAB key with the cursor in the last cell.*

Institutional Learning Goals							
Graduate Course	Disciplinary Knowledge	Communication	Critical Thinking/ Analysis	Information Literacy	Professionalism	Intercultural/ Global Perspectives	Research*
	<i>Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important contexts and situations</i>	<i>Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts</i>	<i>Demonstrate the ability to be creative, analytical, and critical thinkers</i>	<i>Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources</i>	<i>Demonstrate an understanding of professional integrity</i>	<i>Demonstrate relevant knowledge and application of intercultural and/or global perspectives</i>	<i>Conduct independent research resulting in an original contribution to knowledge in the focused areas of their graduate program</i>
