Hello,

Happy Fall Semester Everyone! This email provide a list of helpful links, some new services (streaming video for course reserves!), and general University Library updates. I hope that you will reach out to me with any questions and I hope to work with you soon.

[Library Services \(We've updated our website\)](#)

- Course reserves (books, ebooks, media):
<https://library.csus.edu/forms/course-reserve-request-form>
- Suggest a purchase (books, journals, databases):
<https://library.csus.edu/forms/suggest-a-purchase>

- Use this form to request books, ebooks, or media. If you'd like to request journals or databases, please contact me.
- Request library instruction: <https://library.csus.edu/forms/instruction-request>
 - We provide library instruction for classes, typically those with a research assignment. We tailor our sessions and teach research skills including strategic searching, accessing relevant sources, evaluating sources, and source synthesis. If there is something else related to information literacy on which you'd like to focus, or a different class format you envision, please let me know!
 - You can also email me directly : stark@csus.edu
 - We also have disciplinary LibGuides and can create customized research guides for your assignment (<http://csus.libguides.com/?b=s>)
- Research Consultations: <https://library.csus.edu/ask-us>
 - We offer research consultations by appointment, as well as assistance via e-mail, chat, in-person, and more. Please feel free to direct your students to this resource and/or include it on your Canvas course page.
- Citation Management Software:
 - Sac State and the University Library supports Endnote citation management software.
 - Download it for free at Sac State IRT: <https://www.csus.edu/information-resources-technology/software-catalog/>
 - For EndNote Assistance, check out our research guide or ask for help here: <https://csus.libguides.com/EndNote>
- Gerth Special Collections & University Archives:
 - For assistance with primary sources, please visit <https://library.csus.edu/special-collections-and-university-archives-or-contact-lib-archives@csus.edu>.

New & Exciting Updates at the Library

- Scholarly Communications Librarian:

- We have just hired a Scholarly Communications Librarian, Daina Dickman, who can assist with copyright consultation, data management, and hosting your research on our institutional repository, ScholarWorks.
- For assistance with any of these services, please contact lib-scholars@csus.edu or visit <https://library.csus.edu/publishing-and-scholarship-support>
- Media Digitization Services
 - Are you teaching a class online? Using Canvas to share course content? Beginning fall 2019, the Library is offering the option to convert some library-owned VHS and DVDs to streaming. These films will only be available to students enrolled in your course during the current semester. To request that media items be digitized complete the Course Reserves form and select 'Digitize this item': <https://library.csus.edu/forms/course-reserve-request-form>. If captioning is needed, be sure to select 'Close captioning required'. Please allow up 10 business days to process digitization requests. For questions or additional information, please contact Lesley Brown, Head of User Services, brown@csus.edu

I hope to hear from you soon!

Best,

Rachel Keiko Stark, MS, AHIP
