CSUS CSAD MS Program Learning Outcomes

The course must provide Competency Enriched Activities (e.g., content and opportunities) for students to learn so that each student can **demonstrate professional attributes and abilities**. To that end, identifying and articulating the ASHA Professional Competencies and Foundational Knowledge, and/or clinical skills that you acquire in this course and during your time at Sac State are critical to becoming career ready and your success both as a student and post-graduation. In this syllabus, assignments, readings, in-class activities, and exams are all opportunities where you can enhance and gain the professional and foundational competencies and skills that employers are seeking and the field requires. This will occur throughout this course including class conversations and will contribute to your ability to identify and articulate these competencies and skills when applying for leadership roles, internships, employment, doctoral programs, fellowships, and more. Note: Failure to meet professional competencies may result in an Academic Performance Improvement Plan (A-PIP) or Clinical Performance Improvement Plan (C-PIP.)

Textbooks, Materials, and Online Resources:

No textbook is required. Materials will be selected from the supply room in consultation with your Clinical Instructor.

Links to required readings and videos can be found in Canvas

Course Requirements/Components:

The student clinician will be responsible for:

- Assessing clients' developing language system in terms of oral-written language skills.
- Conducting, and evaluating language intervention with two (2) clients for a total of at least four (4) hours/weekly, totaling approximately 48 client contact hours. If a client cancels, we generally do not make up the session. If the Student Clinician, Clinical Instructor, or Clinic Coordinator cancels the session for any reason, it must be made up. All make-up sessions must be completed the week ending **5/10/2025**.
- Interpreting results of therapy with clients' family members/caretaker and working with them on carryover home assignments.
- Writing daily lesson plans using the standard Clinic Lesson Plan Template as directed by your Clinical Instructor. Measurable outcomes must be documented on a daily basis.
- Documenting progress in daily/weekly Lesson Plans in clients' working files.
Writing Initial and Final Reports of Therapy.
- As with other practicum experiences, once the student clinician has met with his/her clients, dropping clinical practicum classes by the student clinician is prohibited except for medical reasons or extraordinary circumstances as approved by the Department.
- Evaluating and reflecting on your own performance of recorded sessions of your therapy as required by your Clinical Instructor. Because of client confidentiality, you **MUST** follow the policy set forth in the Clinic Handbook on recording and viewing client therapy sessions.
- Meeting with your Clinical Instructor on a once-weekly basis. Your Clinical Instructor will be available to you at other times also, but the weekly meeting should center on specific questions/concerns you have about your clients' programs. Prepare for these weekly meetings: Have specific questions written and ready to discuss. If you are unable to keep your appointment, you must cancel prior to meeting time and reschedule with your Clinical Instructor.
- Evaluating your clinical strengths and identifying areas in which you wish to develop. During meetings and evaluations, you will discuss your developing areas of strengths and areas you wish to strengthen. You will be asked to be self-evaluative, noting specifically what you need to do better and what you plan to do to strengthen these areas. Your Clinical Instructor will also commit to what they can do to help you in these areas. In keeping with ASHA's expectations, we will use formative assessment ("ongoing measurement during educational preparation for the purpose of improving student learning") to evaluate students' critical thinking, decision making, and problem solving skills across oral and written components and in clinical competency.

Grading Policy:

A passing grade for clinic performance is based on the Final Clinical Competency Form. You should review this form BEFORE clinic starts so that you are aware of all items that will become part of your formative and summative assessment for this clinic. The Clinical Competency form will be completed by your clinical instructor at midterm and at final, but it is the **final** Clinical Competency Report on which your clinic grade is based. The Clinical Competency Form is separated into four (4) general competency categories: Writing, Assessment, Treatment, and Professional Behavior. Each general competency area consists of numerous individual line items.

A passing grade for each clinic is a B- or higher. A passing grade is obtained by achieving a rating of 4.0 or better on the average combined score of the 4 general competency categories, provided that the student achieves; (a) an average rating of 4.0 or better for **each** of the 4 general competency categories **and** (b) a minimum score of 3.0 on **all** individual competency line items. **Therefore, any student receiving (a) a rating of 2.99 or less on any one (or more) specific line item or (b) a rating of 3.99 or less for a competency category will not pass the clinic, even if their average combined score of the 4 general competency categories is a B- or higher. In such cases, a grade of C+ will be given for the clinic.**

CSUS Grading Policy

The CSUS Grading Policy (Policy# 11476953) can be found at:
<https://sacramentostate.policystat.com/policy/11476953/latest>

Letter grades will be based upon the following:

SCORE	GRADE	DESCRIPTION
4.65 - 5.00	A	<u>Exceeds Performance Expectations</u> (Minimum assistance required) • Clinical skill/behavior well-developed, consistently demonstrated, and effectively implemented • Demonstrates creative problem solving

		Clinical Instructor consults and provides guidance on ideas initiated by student
4.50 - 4.64	A-	
4.35 - 4.49	B+	<u>Meets Performance Expectations</u> (Minimum to moderate assistance required) - Clinical skill/behavior is developed/implemented most of the time, but needs continued refinement or consistency - Student can problem solve and self-evaluate adequately in-session - Clinical Instructor acts as a collaborator to plan and suggest possible alternatives
4.15 - 4.34	B	
4.00 - 4.14	B-	
3.85 - 3.99	C+	<u>Needs Improvement in Performance</u> (Moderate assistance required) - Inconsistently demonstrates clinical skill/behavior - Student's efforts to modify performance result in varying degrees of success - Moderate and ongoing direction and/or support from Clinical Instructor required to perform effectively
3.65 - 3.84	C	
3.50 - 3.64	C-	
3.35 - 3.49	D+	<u>Needs Significant Improvement in Performance</u> (Maximum assistance required) - Clinical skill/behavior is beginning to emerge, but is inconsistent or inadequate - Student is aware of need to modify behavior, but is unsure of how to do so - Maximum amount of direction and support from clinical Supervisor required to perform effectively.
3.15 - 3.34	D	
3.00 - 3.14	D-	
1.00 - 2.99	F	<u>Unacceptable Performance</u> (Maximum assistance is not effective) - Clinical skill/behavior is not evident most of the time - Student is unaware of need to modify behavior and requires ongoing direct instruction from Clinical Instructor to do so - Specific direction from Clinical Instructor does not alter unsatisfactory performance

Attendance Policy

Absences: Students are expected to meet all clinic appointments, including required orientations prior to sessions starting on Week 3. Unexcused absences may result in a performance improvement plan (PIP) and/or failure of the course. Late arrival, excessive and unexcused absences will be reflected in your clinical competency score. If a student is ill and cannot attend clinic, please contact your clients and assigned Clinical Instructor according to the instructions in the handbook. Please work with your Clinical Instructor if you need to be out so that a plan can be made to help you achieve competency. All students should contact Dr. Abendroth if you will be absent at louney@csus.edu and provide a medical excuse.

Note: In the event that your Clinical Instructor is not available during the semester for whatever reason, students will be contacted and advised how the course will proceed. This may include a change in instructor and/or modality.

Course Policies/Procedures:

Please refer to the Student Clinic Handbook for clinic policies and procedures. Students are asked to pay particular information to the following:

Initial Case Reports (ICRs)/Final Case Reports (FCRs)

1. Please follow the standardized ICR/FCR format provided in the handbook and provided in class as templates for this clinic.
2. Please edit all submitted reports including mechanics (e.g., spelling, grammar) and formatting (e.g., margins, font, etc).
3. Please comply with all HIPAA regulations (e.g., remove identifying info)
4. For all edits, please use the software's editing tool (e.g., "track changes" in Microsoft Word) or follow the assigned clinical instructor's instructions.

Therapy Observation Comments:

- (a) Be sure to **always** initial the clinical instructor's comments once read.
- (b) Please be sure to answer any questions that are asked and feel free to ask questions for the clinical instructor.
- (c) Be sure to bring your notes and questions to every weekly conference with the clinical instructor.

Weekly Conferences

Students will meet with the assigned clinical instructor every week in group or individual format. This weekly meeting schedule will be created at the beginning of the semester. Please prepare for each weekly conference with the assigned Clinical Instructor. Students will receive ongoing written and verbal feedback from the assigned Clinical Instructor throughout the semester. Students are expected to integrate all clinical recommendations into the intervention. As a result, the midterm and final evaluation reports/conferences should be a reflection of the ongoing collaboration and discussions.

Confidentiality:

Please consult your clinic handbook regarding client confidentiality and client confidentiality as it pertains to video and audio recording. Any violation of these policies will result in the student receiving a failing grade in the clinic through reduction of points.

General Policies:

Absences: Students are expected to meet all clinic appointments, including required orientations prior to sessions starting on Week 3. Unexcused absences may result in a performance improvement plan (PIP) and/or failure of the course. If a student is ill and cannot attend clinic, please contact your clients and assigned Clinical Instructor according to the instructions in the handbook. Please work with your Clinical Instructor if you need to be out so that a plan can be made to help you achieve competency.
