

California State University, Sacramento
Department of Communication Sciences and Disorders
GRADUATE (AuD) SYLLABUS

Table 1: Class Information

Semester/Year: Fall 2025	Course: CSAD641– 3 units	Section: 01
Meeting Days: Tuesdays/ Thursdays	Meeting Times: 1:30-2:45	Location: Folsom 2204
Instructor: Stephanie Cate Au.D. - CCC-A	Email: Stephanie.cate@csus.edu	Phone: 916-278-4867
Office Location: Audiology clinic	Office Hours/Appointments: appt only	

Catalogue Course Description:

Prerequisite(s): Admission to Doctor of Audiology program; CSAD 611, CSAD 612, CSAD 613, CSAD 614, CSAD 621, CSAD 622, CSAD 622L, CSAD 623, CSAD 624, CSAD 631, CSAD 632

Corequisite(s): CSAD 641 L

Term typically offered: Fall only

Description: This course is designed to provide Doctor of Audiology students with an understanding of physiological measures, specifically evoked potentials, that can be used to assess the integrity of the auditory system.

Place of Course in Program

CSAD 641: Physiological measures for evaluating the integrity of the auditory system. Emphasis on the administration and interpretation of the auditory brainstem response.

Table 2: Sacramento State Graduate Learning Goals for the 21st Century (GLG)

Sacramento State Graduate Learning Goals (GLG)	Addressed by this course (Y/N)
Disciplinary knowledge: Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important contexts and situations.	Y
Communication: Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts.	Y
Critical thinking/analysis: Demonstrate the ability to be creative, analytical, and critical thinkers.	Y
Information literacy: Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources.	Y
Professionalism: Demonstrate an understanding of professional integrity.	Y
Intercultural/Global Perspectives: Demonstrate relevant knowledge and application of intercultural and/or global perspectives.	N

Research: <i>Conduct independent research resulting in an original contribution to knowledge in the focused areas of their graduate program</i>	Y
--	---

Course Learning Outcomes:

GRADUATE LEARNING OUTCOMES

Mastery of each student-learning outcome listed below is indicated by a grade of B or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a B. The instructor will suggest strategies to help you establish competence and knowledge in these areas. You should track your progress toward meeting each learning outcome by listing your grades on the table below over the course of the semester.

CSAD641 SPECIFIC STUDENT LEARNING OUTCOMES:

Upon completion of this course, students will be able to:

1. Describe the aspects of normal and abnormal peripheral and central auditory anatomy and physiology.
2. Discuss electrode placement and patient preparation for testing children and adults.
3. Describe calibration procedures for electrophysiological equipment.
4. Classify types of auditory evoked potentials.
5. State the uses, populations, test characteristics, considerations, and limitations of electrophysiological measures.
6. Give examples of uses for intraoperative monitoring within the scope of practice for audiologists

Table 2: Course Learning Outcomes, and Components

Course Learning Outcome	Components Indicating Competence	Grades Received
1. Normal vs Abnormal peripheral & central auditory anatomy & physiology	Quiz #1; Midterm; Discussion Posts; Final Exam.	
2. Electrode placement and prep	Quiz #2; Midterm; Discussion Posts; Final Exam.	
3. Calibration of equipment	Quiz #1; Midterm; Discussion Posts; Final Exam.	
4. Types of auditory evoked potentials	Quiz #3; Midterm; Discussion Posts; Final Exam.	
5. State uses, population, tests, considerations & limitations of electrophysiological measures	Quiz #3; Midterm; Discussion Posts; Final Exam.	
6. Give examples of IOM	Discussion Posts; Final Exam.	

Textbooks and Materials:

Required Text:

Atcherson, S. R., & Stoody, T. M. (2012). *Auditory electrophysiology: A clinical guide*. Thieme Medical Pub.

Optional Text:

Hood, L. J. (1998). *Clinical applications of the auditory brainstem response*. Singular Publishing Group.

Seikel, J. A. (2020). *Neuroanatomy and neurophysiology for speech and hearing sciences*. Plural Publishing Inc.

****Supplemental readings will be posted on Canvas and students will be notified of when the reading is due**

Online Resources:

Course Materials are found on Canvas. Quizzes and exams are accessible via Canvas in the Modules for the Class. Reading assignments outside of the required reading materials are accessible on Canvas.

Course Requirements/Components:

Format:

75-minute in person lecture twice a week

Preparation:

All students are expected to have performed the required readings in the syllabus at the start of that class meeting and be prepared for discussion. It is the student's responsibility to know the reading material whether discussed in the class meeting or not.

Attendance:

Classroom attendance is necessary to be successful in this course. No more than two unexcused absences are allowed – should more than two occur, there will be a 10-point deduction to the attendance grade. Students are expected to arrive on time as class begins at 9:05 am. If a student is tardy more than twice without prior notice, it will result in a 5-point attendance reduction each occurrence. Should either or both of the aforementioned occur more than the allowable as aforementioned - it will be required that the student perform an audiology online/CEU course in relation to the course and write a one-page paper summarizing the presentation and how to clinically apply what has been learned. This assignment would be expected to be performed outside of scheduled class time. Should this occur the instructor will provide the student with the full assignment details at the time of the third tardy or unexcused absence via Canvas or Outlook.

Conference excused absence form: https://www.csus.edu/college/health-human-services/communication-sciences-disorders/_internal/_documents/policy/csad-student-travel-policy.pdf

Assignments:

The course will be graded upon attendance, four quizzes, three discussion posts, three assignments, one paper, and two exams. Grades and the grading policy are outlined in greater detail below. Late assignments will have a deduction of 20% for every day that an assignment is late, and is to be applied when the assignment is received by the instructor of the course.

Paper: Students will choose from a topic below and write a comprehensive review paper (of approximately 500- 750 words) including a peer-reviewed article about the topic of your choosing. Papers should be no more than 3-5 years old.

Topics:

- **Cultural and Socioeconomic Factors:**
 - Analyze how cultural and socioeconomic factors influence access to AEP testing and audiological care. Discuss disparities in healthcare and propose solutions to improve access for underserved populations.
- **Impact of AEP on Early Intervention:**
 - Investigate the role of AEP in early identification of hearing loss in infants and children. Discuss how early diagnosis through AEP can influence language development and educational outcomes.
- **Ethical Considerations:**
 - Write a paper addressing the ethical considerations in AEP testing. Discuss informed consent, the role of patient autonomy, and any challenges clinicians face in ensuring ethical practices during assessments.

Assignment 1: Electrode Array placement

Assignment 2: Neurodiagnostic ABR

Assignment 3: **Patient Education:** Develop a resource guide focused on common AEP tests. Include information on what patients can expect during the procedure, how to instruct a patient during testing, the significance of the results, and how different results may influence a patient's treatment plan. At minimum, this should include TB-ABRs, ND-ABRs, ASSRs, VEMPs.

Examinations/Quizzes:

Examinations (closed book/note) will be given in-person as half of the meeting time, either at the start of the class or after a meeting break. All students will be informed of the time of each exam two weeks prior to the date that it will be given. Students will have 30 minutes to complete each quiz and 75 minutes for each exam. Examinations will be based on class lectures, assigned readings, class activities/homework, and discussions. Exams may be composed of multiple choice, true/false, matching and/or short answer questions. In the case of a documented medical emergency prior to the exam, you will be required to notify me in advance of the exam and provide documentation of the illness/injury or emergency. A make-up examination is subject to be scheduled during finals examination week. Different questions when compared to the original will be asked and being in a full essay format. If you do not complete one or more of the exams by the last day of the final exam period, you may receive a "0" on your exam(s) as per instructor discretion. Please note that you remain individually responsible for being aware of your exam dates and times posted in the course syllabus.

Recording

Gain permission from instructor and or presenter prior to the start of each class meeting to perform recording.

COVID 19 information:

If you are sick, stay home and do not attend class. Notify your instructor. Please self-diagnose if you are experiencing any COVID- like symptoms (fever, cough, sore throat, muscle aches, loss of smell or taste, nausea, diarrhea, or headache) or have had exposure to someone who has tested positive for COVID contact Student Health & Counseling Services (SHCS) at 916-278-6461 to receive guidance and/or medical care. The CDC provides a good source of information regarding COVID-19 and a way to self-check symptoms: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

Students must adhere to COVID-19 policies regarding mask wearing and vaccinations as described on the CSUS website. Please see <https://www.csus.edu/compliance/risk-management/coronavirus.html> and <https://www.csus.edu/return-to-campus/return-to-campus-faq.html> for more information and updates.

Grading Policy:

Table 3: Course Requirements and Grade Distribution

Source	Points	% of Grade
Attendance	25	7%
Discussion Posts/Hot Topics [10 points x3]	30	9%
Quizzes [10 points x 4 quizzes]	40	12%
Assignments/Paper [30 x4 assignments]	120	35%
Midterm Exam [50 points]	50	15%
Final Exam [75 points]	75	22%
Total	340	100%

Letter grades are assigned according to the following scores:

Table 4: Points, Percentages and Letter Grades

Letter	%
A	93-100%
A-	90-92.99%
B+	87-89.99%
B	83-86.99%
B-	80-82.99%
C+	77-79.99%
C	73-76.99%
C-	70-72.99%
D+	67-69.99%
D	63-66.99%
D-	60-62.99%
F	< 60%

Course Policies/Procedures:

Academic conduct

Students enrolled in the Au.D. program must adhere to the Department and University policies on academic misconduct. Please see the department's policy on academic misconduct ("Policy on Student Academic and Clinical Conduct"). The following are expectations for professional behavior in the classroom:

- Ethics: Students must uphold the ethical standards set forth by professional bodies in the field (see Appendices C and D).
- Respect: Students should demonstrate respect to their peers, instructors, and staff.

- Feedback: Students are expected to self-reflect and modify their work in response to feedback, while displaying non-defensive behavior to suggestions.
- Health: Students should maintain their personal wellness and health, attending to any needs in a timely fashion in order to support their academic and professional growth.
- Attire: Students should dress appropriately for class. Classes may be held in clinic space, so students are expected to observe the clinic dress code.
- Accountability: Students are expected to be accountable, honest, and professional for their activities and communications. The general principles of ethical behavior should be applied to their coursework, evaluations, and examinations.
- Language: Students should demonstrate professional oral and written communication, including emails. Discretion and professional language should be used in all modalities, emphasizing constructive rather than reactive use.
- Scholarship: Students should take an active role in their learning, recognizing their deficiencies and seeking to correct them, as part of their commitment to lifelong learning.
- Effort: Students should collaborate and work to complete tasks and assignments on time or by the set deadline. Students are expected to follow through on all activities while maintaining professionalism and intellectual curiosity.

Attendance

Students are expected to arrive in class on time, prepared to participate and engage in classroom activities for both in-person and synchronous/virtual interactions. Students are responsible for class content, lecture materials, assignments, announcements, and must be aware of changes in the class schedule. Students are advised that instructional faculty may include an attendance policy in courses, which may require attendance as part of the student's course grade. These policies will be set in the syllabus.

Given the full-time, intensive nature this doctoral program, it is important that students contact instructors if they are absent or are anticipating absence, especially over an extended period of time. In the case of the latter, the Au.D. Program Director must also be notified. Attendance for clinical practica is outlined in the clinic handbook.

Email

Students in the Au.D. program are required to maintain an active CSUS email address, which is linked to the student ID number. Official emails will be sent through CSUS email. Students are expected to regularly check their CSUS emails.

I will respond to an email that meets the following guidelines within 12 hours on a weekday (not between the hours of 8:00 PM and 7:00 AM), and up to 48 hours on a weekend. I will not respond during university recognized holidays:

- I only respond to emails posing questions that can be answered in no more than 3 sentences. For detailed questions or other discussions, please come to my office hours or make an appointment.
- To discuss results on graded materials, please come to my office hours.

TENTATIVE Course Schedule/Outline:

Date	Topic/Class Content	Atcherson & Stoody Readings	Assignments
9/1	What are Auditory Evoked Potentials?, Basic Instrumentation	Chapters 1, 2, 20, 22	Read Syllabus and "sign" in Canvas

9/3	Acquisition Factors, Stimulus Factors, Recording	Chapters 1, 2, 20, 22	
9/8	Acquisition Factors, Stimulus Factors, Recording	Chapters 1, 2, 20, 22	Recorded PPT
9/10	Neuroanatomy and Neurophysiology, Waveform Analysis	Chapters 3, 4	Electrode assignment due
9/15	Auditory Brainstem Response, Neurodiagnostic Auditory Brainstem Response	Chapters 6, 16	
9/17	Auditory Brainstem Response, Neurodiagnostic Auditory Brainstem Response		Discussion Post Quiz 1
9/22	Auditory Brainstem Response, Threshold Auditory Brainstem Response	Chapter 13, 14	
9/24	Auditory Brainstem Response, Threshold Auditory Brainstem Response		RECORDED DR.CATE at CAA
9/29	Auditory Brainstem Response, Automated Auditory Brainstem Response & Stacked ABR	Chapter 13, 14, 7	
10/1	Auditory Steady State Response intro		Quiz 2
10/6	Review for Midterm		
10/8	Midterm Exam		
10/13	Auditory Steady State Response deeper dive	Chapters 8, 15	
10/15	Auditory Middle Latency Response, Auditory Latency Response	Chapters 9, 10	Discussion Post
10/20	eABR, Central Auditory Processing of Complex Stimuli	Chapter 17	
10/22	CHAMP		Quiz 3
10/27	Frequency Following Response, Mismatch Negativity Response	Chapter 10	
10/29	P300		
11/03	Electrocochleography	Chapters 5, 12	
11/05	Vestibular VSR/VOR Review, cVEMP		
11/10	oVEMP		Patient Education Assignment Due (Fri)
11/12	Counseling, Report Writing		
11/17	Report Writing		
11/19	Reading assignment & Discussion		Discussion Post
11/24	Audiology Online IOM	Chapter 21	
11/26	TURKEY DAY		
12/1	Report writing	Chapter 11, 18	Quiz 4
12/3	Catch up and cases		
12/8-10	Final Review Games		Paper Due (Fri)
12/14-16	Final Exam during the week of December 8th		

****Supplemental readings will be posted on Canvas and students will be notified of when the reading is due**

Please note that dates, topics, and assignments are subject to change. In the event of a change, you will be given ample notification of the change.

For additional information, please review the CSAD Handbooks website:

<https://www.csus.edu/college/health-human-services/communication-sciences-disorders/csad-handbooks.html>

Zoom/ Online Instruction privacy and relevant rights and responsibilities:

Any time that a class session is recorded during the COVID-19-related Remote Instruction Period, students will be notified. If students do not want their likeness during class participation included in the recorded class

session, they may elect to not participate via video recordings. Recordings will be available for viewing during the Remote Instruction Period subject to the following:

Only students enrolled in the subject class during the Remote Instruction Period may view the recording.

- Students may not post or use the recordings in any other setting (e.g., social media) for any purpose. Students who violate this will be subject to student discipline, up to and including expulsion.
- Federal and California law as well as University policies protecting intellectual property rights and use of instructional materials (including any recordings of class sessions) remain in effect during the Remote Instruction Period.
- If faculty have any plan to use the recording for a different class in the future, the faculty member will need written FERPA consent from those students in the current class who are identifiable in any of the recordings. A FERPA consent form signed by all students in the course will also be needed if the recordings are made available to others beyond the classroom on a nonsecure digital platform.

Important Tips for Success as an Online Learner

There are some basic technical skills and requirements that you will need to have to be successful in this online course. If you have difficulties using Canvas, please go to this website: <https://www.csus.edu/information-resources-technology/canvas/canvas-for-students.html>

- ***Begin planning now for private, uninterrupted time in your schedule*** to complete the assignments – preferably in at least one-hour blocks and at least three times a week. It can be easy to fall behind!
- ***Check your email account regularly*** for updated information. We will be using your Saelink email account for communication. Use Saelink e-mail for private messages to the instructor and other students.
- Read directions carefully.
- For online communication, conventions of on-line etiquette ("netiquette"), which include a courtesy to all users, will be observed.

Attitudes & Technical Skills Required

You will find that the following attitude will significantly contribute to your success in this online class:

- A positive attitude towards technology
- An open mind towards online education
- Willingness to share your experiences with others
- Strong analytical and critical thinking skills for when you "get stuck"
- Resourcefulness - don't be afraid to click on links and explore and ask questions
- Time management

Online learning requires only basic technical skills:

- Be competent with file management (for example, creating a folder on your desktop, moving files from one location to another, finding a saved file)
- Possess internet navigation skills
- Update your Internet browser
- Send and receive email
- Create and save documents (Word, PowerPoint, Excel or HTML)
- Toggle between two open software applications on your computer
- Copy text from a word processing program and paste them into another program

Technical Assistance

Seek help when you can't access Canvas or class materials.

- For technical assistance, contact the IRT Help Desk. Visit AIRC 2005 during [open hours](#) to speak with the IRT Service Desk Team, or call (916)278-7337. [IRT website.](#)
- For assistance with course materials, contact your instructor

Spam and Phishing Scams

- Learn how to stay safe and protect yourself from hackers who may try to access your personal information: [Don't Fall for a Phishing Scam](#)
- Use anti-virus, anti-spyware, and anti-malware software. [Sac State's Software and Tools](#) available for download.
- Use pins and passwords to secure your computer and devices- don't share your password with anyone. Use strong passwords that include a combination of letters and numbers that no one can guess.

Canvas Student App

Canvas is fully functional on many types of smartphones and tablets. Compatible devices include platforms such as iPhone/iPad/iPod Touch, and Android. However, it is recommended that you do not solely rely on one of these devices to complete your online course work. Access to a computer is still needed for many online activities.

Visit the [Mobile section](#) of the [Canvas Guides](#) website for more information.

Additional Information

Commitment to Integrity:

As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class and also integrity in your behavior in and out of the classroom.

Sac State's Academic Honesty Policy & Procedures:

"The principles of truth and honesty are recognized as fundamental to a community of scholars and teachers. California State University, Sacramento expects that both faculty and students will honor these principles, and in so doing, will protect the integrity of academic work and student grades." Read more about Sac State's Academic Honesty Policy & Procedures at the following website: <https://www.csus.edu/umanual/student/stu-100.htm>

Definitions: At Sac State, "cheating is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means." **Plagiarism** is a form of cheating. At Sac State, "plagiarism is the use of distinctive ideas or works belonging to another person without providing adequate acknowledgement of that person's contribution." Source: Sacramento State University Library Note: Any form of academic dishonesty, including cheating and plagiarism, shall be reported to the [Office of Student Conduct](#).

Department Policy on Use of APA format

The Department of Communication Sciences and Disorders requires the use of the APA format and style. All students are required to reference the APA manual. All assignments are to be composed using APA format and style unless otherwise noted.

Understand When You May Drop This Course:

It is the student's responsibility to understand when he/she need to consider disenrolling from a course. Refer to the Sac State Course Schedule for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons include: (a) documented and significant change in work hours, leaving student unable to attend class, or (b) documented and severe physical/mental illness/injury to the student or student's family. Under emergency/special circumstances,

Commented [THL1]: Please include this information in all syllabi

students may petition for an incomplete grade. An incomplete will only be assigned if there is a compelling extenuating circumstance. All incomplete course assignments must be completed by the department's policy.

Inclusivity:

Students in this class are encouraged to be active participants in all aspects of the course, including but not limited to lectures, synchronous and asynchronous activities, discussion posts, etc. Each of us must show respect for each other, as our class represents a diversity of beliefs, backgrounds, and experiences. This enriches all of our learning experiences together. Our individual differences deepen our understanding of one another and the world around us, rather than divide us. In this class, people of all ethnicities, genders and gender identities, religions, ages, sexual orientations, disabilities, socioeconomic backgrounds, regions, and nationalities are strongly encouraged to share their rich array of perspectives and experiences. If you feel your differences may in some way isolate you from our classroom community, or if you have a specific need, please contact the instructor early in the semester. Your instructor will work with you to ensure that you become an active and engaged member of our class and community.

Equal Access:

California State University-Sacramento, Department of Communication Sciences and Disorders, seeks to provide equal access to its programs, services, and activities for people with disabilities. If you have a documented disability and verification from the Office of Services to Students with Disabilities (SSWD), and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student's responsibility to provide documentation of disability to SSWD and meet with a SSWD counselor to request special accommodation before classes start. **Sacramento State Services to Students with Disabilities (SSWD)** offers a wide range of support services and accommodations for students in order to ensure students with disabilities have equal access and opportunity to pursue their educational goals. Working collaboratively with students, faculty, staff and administrators, SSWD provides consultation and serves as the information resource on disability related issues to the campus community. SSWD is located in Lassen Hall 1008 and can be contacted by phone at (916) 278-6955 (Voice) or (916) 278-7239 (TDD only) or via email at sswd@csus.edu.

Sacramento State is committed to ensuring an accessible learning environment where course or instructional content are usable by all students and faculty. If you believe that you require disability-related academic adjustments for this class (including pregnancy-related disabilities), please immediately contact Services for Students with Disabilities (SSWD) to discuss eligibility. A current accommodation letter from SSWD is required before any modifications, above and beyond what is otherwise available for all other students in this class will be provided. Please be advised that disability-related academic adjustments are not retroactive. SSWD is located on the first floor of Lassen Hall 1008. Phone is 916-278-6955 and e-mail is sswd@csus.edu. For a complete listing of services and current business hours visit <https://www.csus.edu/student-affairs/centers-programs/services-students-disabilities/>

Basic Needs Support

If you are experiencing challenges with food, housing, financial or other unique circumstances that are impacting your education, help is just a phone call or email away! The CARES office provides case management support for any enrolled student. Email the CARES office at cares@csus.edu to speak with a case manager about the resources available to you. Check out the [CARES website](#).

Title IX

The University requires faculty and staff to report any personal disclosures of sexual misconduct including rape, dating/domestic violence and stalking to the Title IX Coordinator. Students who do not wish to report their experience to me or the Title IX Coordinator may speak to someone confidentially by contacting Student Health and Counseling Services.

Sac State is committed to supporting students and fostering a campus environment free of sexual misconduct and gender-based discrimination. If a student chooses to disclose to a faculty or staff member an experience related to sexual misconduct which includes rape, relationship violence, or stalking, all faculty and staff are obligated to report this disclosure to the university's Title IX Coordinator. Sac State's Title IX Coordinator is Mary Lee Vance. Please email equalopportunity@csus.edu or (916) 278-5770. Upon receipt of the report, the Title IX Coordinator will contact you to inform you of your rights and options as a survivor and connect you with support resources, including resolution options for holding accountable the person who harmed you. Students who elect not to discuss their experience with the Title IX Coordinator can speak confidentially to the following confidential resources:

Student Health & Counseling Services at The WELL On Campus
Phone Number: 916-278-6461
Website: www.csus.edu/shcs

Campus Confidential Advocate – Laura Swartzen
Email: weave@csus.edu
On Campus Phone Number: 916-278-5850 (during business hours)
WEAVE 24/7 Hotline: 916-920-2952

CSUS Grading Policy

Information for students regarding grading is provided here:
<https://www.csus.edu/umanual/acad/umg05150.htm>

Knowledge And Skills Acquisition (KASA) For Certification in Audiology

Scientific and Research Foundations

- The basic sciences
- Basic science skills (e.g., scientific methods, critical thinking)

Standard II-A: Foundations of Practice

- A1. Genetics, embryology and development of the auditory and vestibular systems, anatomy and physiology, neuroanatomy and neurophysiology, and pathophysiology of hearing and balance over the life span
- A5. Calibration and use of instrumentation according to manufacturers' specifications and accepted standards
- A6. Standard safety precautions and cleaning/disinfection of equipment in accordance with facility-specific policies and manufacturers' instructions to control for infectious/contagious diseases
- A7. Applications and limitations of specific audiologic assessments and interventions in the context of overall client/patient management
- A13. Principles of research and the application of evidence-based practice (i.e., scientific evidence, clinical expertise, and client/patient perspectives) for accurate and effective clinical decision making
- A14. Assessment of diagnostic efficiency and treatment efficacy through the use of quantitative data (e.g., number of tests, standardized test results) and qualitative data (e.g., standardized outcome measures, client/patient-reported measures)

Standard II-C: Audiologic Evaluation

- C1. Gathering, reviewing, and evaluating information from referral sources to facilitate assessment, planning, and identification of potential etiologic factors
- C4. Identifying, describing, and differentiating among disorders of the peripheral and central auditory systems and the vestibular system

- C10. Evaluating basic audiologic findings and client/patient needs to determine differential diagnosis and additional procedures to be used
- C11. Selecting, performing, and interpreting physiologic and electrophysiologic test procedures, including electrocochleography, auditory brainstem response with frequency-specific air and bone conduction threshold testing, and click stimuli for neural diagnostic purposes
- C13. Selecting, performing, and interpreting tests for nonorganic hearing loss
- C16. Electrophysiologic testing, including but not limited to auditory steady-state response, auditory middle latency response, auditory late (long latency) response, and cognitive potentials (e.g., P300 response, mismatch negativity response)

Standard II-E: Audiologic Rehabilitation Across the Life Span

- E14. Identifying individuals who are candidates for cochlear implantation and other implantable devices
