XYZ Clinic/Semester

Performance Improvement Plan (PIP)

Student Name: XXX
Clinical Instructor (CI): XXX

Purpose of PIP: To support Student in the successful completion of the XYZ Clinic

Outcome of PIP: The level of progress towards goals listed below will affect final competency scores, which will determine the final course grade. As stated in the clinic syllabus:

A passing grade for each clinic is a B- or higher. A passing grade is obtained by achieving a rating of 4.0 or better on the average combined score of the 4 general competency categories, provided that the student achieves; (a) an average rating of 4.0 or better for each of the 4 general competency categories and (b) a minimum score of 3.0 on all individual competency line items. Therefore, any student receiving (a) a rating of 2.99 or less on any one (or more) specific line item or (b) a rating of 3.99 or less for a competency category will not pass the clinic, even if their average combined score of the 4 general competency categories is a B- or higher. In such cases, a grade of C+ will be given for the clinic.
