

Department of Communication Sciences and Disorders

Policy on Background Check for All Students in Clinical and Internships Practicum Courses

The Department of Communication Sciences and Disorders requires all students in clinical and internships practicum courses to complete a background check prior to beginning any clinical courses in the semester.

All information will be kept confidential.

Standard Background Check

CastleBranch is the only service recognized by the Department of Communication Sciences and Disorders. No other background screenings may be substituted.

A fee is involved, please reference the [CastleBranch](https://mycb.castlebranch.com/) website for current pricing. <https://mycb.castlebranch.com/>

When placing your background check order through [CastleBranch](#), use the Standard Background check package: **CM24**

This package covers:

- County Criminal
- Nationwide Healthcare Fraud And Abuse Scan
- Nationwide Record Indicator with SOI
- Social Security Alert
- Residency History

Internship Students Only

Some Medical internship sites require a background check with drug test. For sites that require the background check with drug test, and do not have their own testing procedure, use the CastleBranch Background Check with Drug Test Package Code: **CM24int**

This package covers:

- County Criminal
- Nationwide Healthcare Fraud & Abuse Scan
- Drug Test
- Nationwide Record Indicator with SOI
- Social Security Alert
- Residency History.
