1. Evaluation
2. Intervention
3. Writing
4. Interaction and Personal Qualities (Professional Behaviour)

Textbooks and Materials:

Online Resources:
Materials will be provided through the course website for the co-requisite, CSAD 242A.

Course Requirements/Components:
1. GPA in prerequisite speech pathology courses of 3.00 or better.
2. Grades of C or better in all courses taken in the major.
3. Be concurrently enrolled in CSAD 242A.
4. Pass speech and language screening required by Department.
5. Department Background Check (if not already done).
6. Purchase of student professional liability insurance.
7. Completion of a TB test and the 3 shot Hepatitis (HBV) series of vaccinations.
8. A Clinic Handbook has been provided to you via email. You are responsible for following the policies and procedures described in the Clinic Handbook.

Grading Policy:
A passing grade for clinic performance is based on the Final Clinical Competencies. You should review competencies BEFORE clinic starts so that you aware of all items that will become part of your formative and summative assessment for this clinic. The Clinical Competencies will be completed by your clinical instructor at midterm and at final, but it is the final Clinical Competency Report on which your clinic grade is based. The Clinical Competencies are separated into four (4) general categories: Writing, Assessment, Treatment, and Professional Behavior. Each general competency area consists of numerous individual line items.

A passing grade for each clinic is a B- or higher. A passing grade is obtained by achieving a rating of 4.0 or better on the average combined score of the 4 general competency categories, provided that the student achieves; (a) an average rating of 4.0 or better for each of the 4 general competency categories and (b) a minimum score of 3.0 on all individual competency line items. Therefore, any student receiving (a) a rating of 2.99 or less on any one (or more) specific line item or (b) a rating of 3.99 or less for a competency category will not pass the clinic, even if their average combined score of the 4 general competency categories is a B- or higher. In such cases, a grade of C+ will be given for the clinic.
Letter grades will be based upon the following:
