Semester/Year: Fall 2019

Course: CSAD 500T
Culminating Experience: Thesis

Section: 02 #87618

Meeting Days: TBD, based on student need and student/instructor availability

Meeting Times: TBD, based on student need and student/instructor availability

Location: Folsom Hall, CSAD Department Dr. Hagge's Office #2405

Instructor: Dr. Darla K. Hagge CCC-SLP
Email: hagge@csus.edu

Phone: 916-278-6695 – office
714/749-2799 – cell
[preferred, if time sensitive]

Office Location: Folsom Hall, CSAD Depart. Office #2405

Office Hours/Appointments:
Tuesdays, 2:30 – 4:00 p.m.
Wednesdays, 1:30 – 3:30 p.m.
By appointment, please contact department front desk

Catalogue Course Description:

CSAD 500T. Culminating Experience: Thesis. 2 Units
Prerequisite(s): Advanced to Candidacy. Graded: Credit/No Credit.
Term Typically Offered: Fall, Spring

Independent research study, conducted under the supervision of faculty members. Thesis must involve a research question or hypothesis, review of pertinent literature, collection and analysis of data. It is the student's responsibility to locate and recruit subjects, to collect data, and to write the thesis. Students must follow all department and university thesis guidelines.

Place of Course in Program

This course is one of the required culminating experiences is for graduate students interested in completing thesis research. All graduate students must complete one of the culminating experiences in the CSUS speech-language pathology master's program: CSAD 500C, CSAD 500P, or CSAD 500T. This course will be taken by students once they have advanced to candidacy as part of the Communication Sciences and Disorders Master’s degree.
Sacramento State Graduate Learning Goals (GLG) | Addressed by this course (Y/N)
---|---
**Disciplinary knowledge:** Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important contexts and situations. | Yes
**Communication:** Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts. | Yes
**Critical thinking/analysis:** Demonstrate the ability to be creative, analytical, and critical thinkers. | Yes
**Information literacy:** Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources. | Yes
**Professionalism:** Demonstrate an understanding of professional integrity. | Yes
**Intercultural/Global Perspectives:** Demonstrate relevant knowledge and application of intercultural and/or global perspectives. | Yes

Course Learning Outcomes:

**GRADUATE**

To fulfill the CSAD culminating experience requirement.

**CSAD 500T SPECIFIC STUDENT LEARNING OUTCOMES:**

Upon completion of this course the student will be able to:

1. Develop a question of inquiry commensurate with the graduate level of training
2. Conduct a search of the literature using relevant keywords and search terminology
3. Review research articles appropriate for the study background and purpose
4. Establish a rationale for the proposed investigation
5. Present the results of the literature search in written and oral modalities
6. Contribute to and/or design a methodology to address the area of inquiry under the guidance of faculty mentor
7. Implement appropriate data collection procedures for the designed study
8. Present study information via written and oral modalities that includes the following components: study background/purpose, methods, results and discussion

The above learning outcomes will be assessed through meetings with the faculty advisor and completion of a final thesis project.

Textbooks and Materials:

None

Online Resources:

CANVAS

Additional resources will be provided by the instructor, as needed
Course Requirements/Components:

**COURSE OBJECTIVES**
A thesis is an independent research project, conducted by the student under the supervision of members of the faculty. A thesis must involve a research question or hypothesis, review of pertinent literature, and the collection and analysis of data. It is the student's responsibility to locate and recruit participants and to collect the data, as well as to write the thesis. Projects that include the generation of original data are preferred; however, superior proposals based on file data or other secondary data sources will be considered.

The student is responsible for the following:

1. Preparing for and participation in meetings, as scheduled
2. Completing study objectives, data collection, analysis and presentation of the results
3. Completing a written thesis project as agreed-upon by the student and faculty advisor

**REQUIRED READINGS**
Journal articles, textbooks/chapters and/or other online resources will be acquired by the student on an individual basis. Evidence based sources of information from peer reviewed journals will be employed. Additional readings will be provided by the faculty advisor to support the student’s growth and development as a researcher in the field.

**Grading Policy:**
This course is a credit/no credit course.

**Course Policies/Procedures:**

**Due Dates for All Assignments**
Due dates will be established by the student and faculty mentor following discussion.

**Policy for Completing CSAD 500T Coursework**
A student enrolls in two units of CSAD 500T each semester s/he works on the thesis, up to a total of four units. If the thesis is not completed within two semesters, the student may enroll in continuous enrollment (CSAD 599) if not otherwise actively enrolled for two additional semesters. Students are allowed a maximum of three semesters past the semester of first registering in 500T to complete their thesis for a maximum of four semesters total. Students who do not finish the thesis within the first semester of enrolling in 500T will receive a grade of “Report in Progress” (RP). If a student does not complete the thesis within the four total semesters, s/he will receive a No Credit (NC) grade for the original units and must enroll in 500C for the culminating experience.

**Plan of Study**
Under the mentorship of the faculty advisor, the student will create a Plan of Study. The Plan of Study is a document used to assist the graduate student in achieving expected thesis milestones. Failing to adhere to the deadlines established in the Plan of Study will delay the timeline to graduation.
Commitment to Integrity:
As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class and also integrity in your behavior in and out of the classroom.

Sac State’s Academic Honesty Policy & Procedures:
“The principles of truth and honesty are recognized as fundamental to a community of scholars and teachers. California State University, Sacramento expects that both faculty and students will honor these principles, and in so doing, will protect the integrity of academic work and student grades.” Read more about Sac State’s Academic Honesty Policy & Procedures at the following website: http://www.csus.edu/umanual/student/stu-0100.htm

Definitions: At Sac State, “cheating is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means.” Plagiarism is a form of cheating. At Sac State, “plagiarism is the use of distinctive ideas or works belonging to another person without providing adequate acknowledgement of that person’s contribution.” Source: Sacramento State University Library Note: Any form of academic dishonesty, including cheating and plagiarism, may be reported to the office of student affairs.

Understand When You May Drop This Course:
It is the student’s responsibility to understand when he/she need to consider disenrolling from a course. Prefer to the Sac State Course Schedule for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons include: (a) documented and significant change in work hours, leaving student unable to attend class, or (b) documented and severe physical/mental illness/injury to the student or student’s family. Under emergency/special circumstances, students may petition for an incomplete grade. An incomplete will only be assigned if there is a compelling extenuating circumstance. All incomplete course assignments must be completed by the department’s policy.

Equal Access:
California State University-Sacramento, Department of Communication Sciences and Disorders, seeks to provide equal access to its programs, services, and activities for people with disabilities. If you have a documented disability and verification from the Office of Services to Students with Disabilities (SSWD), and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student’s responsibility to provide documentation of disability to SSWD and meet with a SSWD counselor to request special accommodation before classes start. Sacramento State Services to Students with Disabilities (SSWD) offers a wide range of support services and accommodations for students in order to ensure students with disabilities have equal access and opportunity to pursue their educational goals. Working collaboratively with students, faculty, staff and administrators, SSWD provides consultation and serves as the information resource on disability related issues to the campus community. SSWD is located in Lassen Hall 1008 and can be contacted by phone at (916) 278-6955 (Voice) or (916) 278-7239 (TDD only) or via email at sswd@csus.edu.
Basic Needs Support

If you are experiencing challenges in the area of food and/or stable housing, help is just a click, email or phone call away! Sacramento State offers basic needs support for students who are experiencing challenges in these areas. Please visit our Basic Needs website to learn more about your options and resources available.

Knowledge And Skills Acquisition (KASA) For Certification in Speech-Language Pathology

CSAD 500T: Culminating Experience: Thesis

This course has been designed to be in direct support of the following American Speech-Language Hearing Association (ASHA) Knowledge and Skills Acquisition for certification in Speech-Language Pathology:

**Standard IV-C: Speech, Language, Hearing, Communication, and Swallowing Disorders and Differences**

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: phonology, articulation disorders (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: fluency disorders (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: voice and resonance disorders (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: receptive and expressive language disorders (phonology, morphology, syntax, semantics, pragmatics, prelinguistic communication, and paralinguistic communication) in speaking, listening, reading, writing, and manual modalities (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: hearing disorders (including the impact on speech and language including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: swallowing disorders (oral, pharyngeal, esophageal, and related functions, including oral function for feeding; orofacial myofunction,) including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: cognitive aspects of communication (e.g., attention, memory, sequencing, problem solving, and executive functioning), including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: social aspects of communication (e.g., behavioral and social skills affecting communication), including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: communication modalities, including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.

**Standard IV-D: Prevention, Assessment, and Intervention**

- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding articulation.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding fluency.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and
methods of prevention, assessment, and intervention regarding voice and resonance.

- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding receptive and expressive language (phonology, morphology, syntax, semantics, pragmatics, prelinguistic communication, and paralinguistic communication) in speaking, listening, reading, writing, and manual modalities.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, screening, and intervention regarding hearing, including the impact on speech and language.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding swallowing (oral, pharyngeal, esophageal, and related functions, including oral function for feeding; orofacial myofunction).
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding cognitive aspects of communication (e.g., attention, memory, sequencing, problem solving, and executive functioning).
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding social aspects of communication (e.g., behavioral and social skills affecting communication).
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of assessment and intervention regarding communication modalities.

Standard IV-E, IV-G, IV-H: Contemporary Professional Issues

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: standards of ethical conduct.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: contemporary professional issues and advocacy.

Standard IV-F: Research

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: processes used in research and integration of research principles into evidence-based clinical practice.

Standard V-A: Oral and Written Communication

- The student will demonstrate skill in oral and written or other forms of communication sufficient for entry into professional practice.

Standard IV-B: Basic Human Communication Processes

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: biological bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: neurological bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: acoustic bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: psychological bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: developmental/lifespan bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: linguistic bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: cultural bases of human communication differences.
