		if time sensitive or urgent	
Office Location:	fice Location: Office Hours/Appointments:		
Virtual via Zoom or Phone	Tuesdays, 2:30 – 4:00 p.m.		
	Wednesdays, 2:30 – 4:00 p.m.		
	Thursdays, 3:00 – 4:00 p.m.		
By appointment, please contact Dr. Hagge directly by email			
Date of last revision: 8/29/2020			

# Catalogue Course Description:

CSAD 218. Motor Speech Disorders.

3 Units

**Prerequisite(s):** Classified graduate status.

**Term Typically Offered:** Fall only

Background pertinent to understanding neurophysiology associated with congenital and acquired dysarthria and dyspraxia. Descriptions and classifications of disorders and their causes, methods of assessment and treatment.

# Place of Course in Program

This three-unit graduate seminar focuses on the cognitive, linguistic and social-emotional aspects of congenital and acquired motor speech disorders including the dysarthrias and the apraxias. Students will analyze ideas and make critical clinical evaluations, understand and apply research literature and demonstrate professional communication skills. To enhance learning, students will complete assignments and projects that are designed to bridge theoretical knowledge with clinical application.

Sacramento State Graduate Learning Goals (GLG)	Addressed by this
0 ( )	course (Y/N)
Disciplinary knowledge: Master, integrate, and apply disciplinary knowledge and skills to current, practical, and important	Y
contexts and situations.	
Communication: Communicate key knowledge with clarity and purpose both within the discipline and in broader contexts.	Y
Critical thinking/analysis: Demonstrate the ability to be creative, analytical, and critical thinkers.	Y
Information literacy: Demonstrate the ability to obtain, assess, and analyze information from a myriad of sources.	Y
Professionalism: Demonstrate an understanding of professional integrity.	Y
Intercultural/Global Perspectives: Demonstrate relevant knowledge and application of intercultural and/or global	Y
perspectives.	

# Course Learning Outcomes:

### **GRADUATE**

Mastery of each student-learning outcome listed below is indicated by a grade of B or better on each component of the corresponding measures listed in the table. Students are required to track their progress towards meeting each learning outcome and must make an appointment with the instructor for any grade equal to or less than a B. The instructor will suggest strategies to help you establish competence and knowledge in these areas. Students should track their progress towards meeting each learning outcome by listing their grades on the table below over the course of the semester.

## **CSAD 218 SPECIFIC STUDENT LEARNING OUTCOMES:**

- 1. Identify underlying anatomical & physiological causes of motor speech disorders (dysarthrias & apraxia).
- 2. Describe and analyze methods for assessing and identifying the nature and severity of motor speech disorders.
- 3. Develop therapy strategies to alleviate or circumvent communication difficulties.
- 4. Describe literature-based, best practice core competencies related to interprofessional education (IPE) and interprofessional collaborative practice (IPCP).

5.	Apply	IPE core competencies to IPE activities/events and anticipated future clinical IPCP.
		Relevant IOM Reports regarding IPE/IPCP
		Stereotypes and prejudices towards other healthcare disciplines as a barrier to effective IPE/IPCP
		with generalization of principles to racism and ableism.
		Expanded history of and current issues related to persons with disabilities
		Review of laws and policies that serves to protect persons with disabilities
		Review impact of COVID and application of law for persons with disabilities
		Introduction to Healthcare Disparity
		Introduction to Social Determinants of Health

Course Learning Outcome	Components Indicating Competence	Grades Received
1, 2	Examination #1	
1, 2, 4, 5	Examination #2	
1, 2, 3, 5	Motor Speech Disorders – Group Project	
1, 2, 3, 4, 5	Examination #3	

# Textbooks and Materials:

## **COURSE MATERIALS:**

# **Required Texts:**

Duffy, J.R. (2019). *Motor speech disorders: Substrates, differential diagnosis and management.*4<sup>th</sup>Edition. St. Louis, MO: Mosby.

### Recommended Texts:

Bhatnagar, S. C. (2018). *Neuroscience for the Study of Communicative Disorders*. 5<sup>th</sup> Edition. Philadelphia, PA: Lippincott Williams & Wilkins.

Halpern, H., & Goldfarb, R. (2013). *Language and Motor Speech Disorders in Adults*. 3<sup>rd</sup> Edition. Burlington, MA: Jones & Bartlett Learning.

Webb, W.G., & Adler, R. K. (2017). Neurology for the Speech-Language Pathologist. 6<sup>th</sup> Edition. St. Louis, MI: Mosby Elsevier.

## Other Readings:

Additional readings may be made available on the course Canvas environment

\*This page deliberately left blank

### REQUIRED MATERIALS:

# Students should accessible the following supplies for each class meeting:

- Required textbook
- Laptop, netbook, iPad, or other device with internet capability (
- Paper, pens, pencils-if paper notes/documentation are preferred over electronic
- Access relevant in-class learning activities and other documents, as uploaded to
  - o Canvas by the instructor(s)
  - o Provided in a group email

# Online Resources:

**CANVAS** 

# Course Requirements/Components:

# **COURSE STRUCTURE:**

This course will incorporate a variety of in-class learning experiences including direction instruction/lecture, active learning activities, small/whole group discussions, and multimedia viewing. Due to the depth of the course content, students will be assigned weekly readings to be completed before the class meeting. All assignments and activities are carefully administered for the purpose of enhancing student learning.

### **ONLINE RESOURCES:**

Please view the course Canvas website for a large collection of resources including websites, articles, documents, and more.

### **EXPECTATIONS:**

## **Policies/Procedures:**

Attendance: Although online, this course involves verbal interaction/discussion among the students, the instructor, and possible guest presenters. You cannot really "get" what was covered in our virtual class via classmates' notes and posted power points. Class and virtual interprofessional education event attendance and participation are <u>required</u> as each class session will require the completion of in-class assigned individual and/or group activities, reflection and other assignments. Successful completion of a graduate internship or working as a speech-language pathologist requires being present, arriving on time, and being prepared. Practicing those skills now will prepare you for the expectations of this career. If you do need to miss a class, you are responsible for all materials covered in your absence. This means you must get any materials handed out during your missed session from a classmate.

Class meetings/participation: Lecture + discussion + observation format will be followed. Active listening and problem solving are expected. We will employ a somewhat Socratic method to facilitate critical thinking, stimulate discussion, and illuminate ideas. This means that you may be called on at random to answer questions or add to a model ... please be prepared! When you are listening to another student present his/her ideas, you should take notes and offer suggestions. Comments such as "I agree" or "great idea," are okay, however, substantive participation (e.g., comments that help advance the discussion, or that help develop a new angle on a problem) is considered to be far more meaningful participation. Speechlanguage pathology is a profession in which you need to actively problem solve at all times. For this reason, exams will definitely cover material that have been discussed in class. This includes videos, review of materials, in-class experiences, etc. Be aware that you aware that you must be "present to win" this knowledge.

**Readings:** You are responsible for all reading materials assigned. Not all assigned readings appear on this syllabus, as some short readings may be added during the course of the semester. You are expected to have completed the assigned readings *prior to class time* on topic discussion dates so that you are able to participate in discussion and ask questions.

**Students are expected** to attend class regularly and to be prepared to participate in bi-weekly class discussions and activities. Assignments <u>must</u> be turned in or taken on the scheduled dates and times. Special circumstances will be allowed for rescheduling or make-ups given the following: (a) a compelling and/or documented medical issue <u>and</u> (b) instructor approval. As previously stated, if you are absent from class, you are responsible for all material covered.

Additionally, students are expected to conduct themselves in a manner that demonstrates respect for others, democratic values, understanding of an appropriate social contract, and respect for diversity. Students are expected to attend e-class with video turned on and ready to engage with others. Please collected necessary objects and belongings before class begins, including beverages, supplies, textbook, chargers, etc. Please be mindful to mute your cell phone. Kindly refrain from checking email and other non-course online activities during class.

Students who have trouble keeping up with the assignments or other aspects of the course, should communicate these challenges to the instructor as soon as possible. Building rapport and effective relationships are key to becoming an effective professional. Be proactive and inform the instructor when any difficulties arise during the semester so possible solutions can be identified.

The syllabus, outlines of class topics, and other info will be posted on Canvas. Outlines and other posted information will be removed no earlier than 2 weeks after original posting, but will not remain available online indefinitely. Students are encouraged to read and/or copy the material when it is posted. In addition, it is recommended that students:

- 1. Retrieve the outline from Canvas when it is posted.
- 2. Read the text ahead of class to correlate readings with information that will be presented in lecture to reinforce learning.
- 3. Take notes in class and later rewrite and organize them using the outline as a guide or rewrite and reorganize them as personally needed for understanding.
- 4. Create and participate in virtual study groups throughout the semester.

### GRADED COURSE ACTIVITIES AND LATE ASSIGNMENT POLICIES:

According to the Department of Speech-Language Pathology and Audiology Graduate Admissions Policy, Procedures and Practices, students failing to maintain a GPA of 3.00 are automatically placed on academic probation. Because graduate students need a grade of "B" to pass graduate coursework other than clinics, they should seek advising for grades equal to or less than "B." Students should, therefore, track their progress towards meeting each learning outcome by listing their grades on the table listed above over the course of the semester.

The instructor will use a variety of activities and strategies to ensure maximizing students' opportunities to learn and to integrate information presented in this course. Assessment data from these activities will used to evaluate students' mastery of each learning outcome and the assignment of an earned grade.

All assignments must be completed and turned in during class, on time, and in the correct form. Late assignments, those in an incorrect form, or e-mailed assignments will not be accepted and will receive no credit without a serious and compelling reason, doctor's note <u>and</u> instructor approval. Late or missing assignments will negatively affect the student's grade.

On each exam, you will be asked about any **guest speakers**, presentations or other additional content that we have addressed in class. As stated earlier, you are strongly encouraged to read each day's assignments BEFORE class and ask questions about any material you do not understand. Possible guest speakers for this semester may include but are not limited to Nassrine Noureddine and Karen Fittinger M.S., CCC-SLP.

# Grading Policy:

Participation points and points received for graded activities will be posted to the Canvas Grade Center. Grades will be posted within a timely fashion following the mid-term examination. Final grades will be based on the total number of points.

EXAM #1 - Neuro Review Format: Please review description posted on Canvas Content: Structures & Functions Site of Lesion & Anticipated Deficit Cranial Nerves, Case Studies Childhood AOS – Theoretical Foundations and Clinical Skills & Assessment and Treatment  EXAM #2  100  November 5, 2020  Format: Please review description posted on Canvas Content: Cumulative, to-date, including childhood apraxia of speech and interprofessional education	METHODS OF EVALUATION:

Letter grades are assigned according to the following scores. Please note that unexcused tardiness and absences may result in the reduction of one letter grade. Please see the above-reported grading policy.

Letter Grade	Percentage	Performance
A	93-100%	Excellent Work
A-	90-92%	Nearly Excellent Work
B+	87-89%	Very Good Work
В	83-86%	Good Work
B-	80-82%	Mostly Good Work
C+	77-79%	Above Average Work
С	73-76%	Average Work
C-	70-72%	Mostly Average Work
D+	67-69%	Below Average Work
D	60-66%	Poor Work
F	0-59%	Failing Work

This space intentionally left blank.

# TENTATIVE Course Schedule/Outline:

Please read assigned textbook readings before class meetings; all topics/activities subject to change per instructor discretion.

Week	<u>Date</u>	<u>Topic</u>	Readings/Assignments
1	Sept 1 and Sept 3	*Greetings and Introductions *Ice Breaker Activity *Review of syllabus and course expectations *Interprofessional Education (IPE), Introduction  *Guest speakers: Karen Fittinger M.S., CCC-SLP et al Childhood Apraxia of Speech: Theory, Prevention, Assessment and Intervention Thursday, 8/29	Read: Chpters 1 & 2, Bhatnagar, Chapter 1, Webb & Adler  In-class small group activity, "Principles of neuroplasticity"
		*Invitation: Semi-annual IPE Dysphagia Team-based Learning event between SLP & Nursing Students.  Extra Credit Points! (8/29/20 – 0730-1030 a.m.)	*Interprofessional active learning activities relevant to medical-based speech-language pathology!
2	Sept 8 and Sept 10	*Lecture: Neuro Review Organization of the Nervous System  *Guest speakers: Karen Fittinger M.S., CCC-SLP et al Childhood Apraxia of Speech: Treatment	Read: Chpters 1 & 2, Bhatnagar, Chapter 2, WeCanvas & Adler. In-class small group activities & discussion
3	Sept 15 and Sept 17	*Neurologic Bases of Motor Speech and Its Pathologies  *Case Studies	Read: Ch. 2, Duffy In-class small group activities
4	Sept 22 and Sept 24	*Assessment of Motor Speech Oral Motor & Cranial Nerve Exam, dyad practice Bring flashlight ( <u>not</u> the light on your cell phone!) Print protocol, posted on Canvas.  * Flaccid & Spastic Dysarthrias	Read: Ch. 3, Duffy In-class small group activities
5	Sept 29 and Oct 1	*On 9/29, class will be adjourned early so that we can attend the University's scheduled convocation on Advancing Our Commitment to Antiracism from 1:00 – 5:30 p.m.  *Ataxic and Unilateral Upper Motor Neuron Dysarthrias	Read: Ch. 4 & 5, Duffy In-class small group activities
6	Oct 6 and Oct 8	*Hypokinetic & Hyperkinetic Dysarthrias  *Exam I, Thursday	Read: Ch. 6 & 9, Duffy In-class small group activities
7	Oct 13 and Oct 15	*Mixed Dysarthrias	Read: Ch. 7 & 8, Duffy In-class small group activities

8	Oct 20	*Acquired Apraxia of Speech	Read: Ch. 10, Duffy
	and Oct 22		Read: Ch.11, Duffy
		*Neurogenic Mutism	In-class small group activities
9	Oct 27 and Oct 29	*Other Neurogenic Speech Disturbances  *Attitudes, Stereotypes, Implicit/Explicit Bias	Read: Ch. 12, Duffy In-class small group activities
10	Nov 3 And Nov 5	*Acquired Psychogenic & Related Nonorganic Speech Disorders *Exam II, Thursday	Read: Ch. 13 & 14, Duffy
	Nov 10	*Differential Diagnosis	Read: Ch. 14 & 15 Duffy
11	and Nov 12	*Managing Motor Speech Disorders: General Considerations *Managing the Dysarthrias	In-class small group activities
12	Nov 17 and Nov 19	*Managing Apraxia of Speech  *Management of Other Neurogenic Speech Disturbances  *Managing Acquired Psychogenic & Related Nonorganic  Speech Disorders	Read: Ch. 16 & 17, Duffy In-class small group activities
13	Nov 24 and Nov 26 (holiday)	*Small Group Presentations	Groups #1, #2, #3
14	Dec 1 And Dec 3	*Small Group Presentations	Groups #4, #5, #6, #7, #8, #9
15	Dec 8 And Dec 10	*Small Group Presentation(s), as needed  *Review for final	Group #10
16	Week of Dec 14th	*Final, Examination III, cumulative	Day/time: <b>Per posted</b> university schedule
	1	1	1

# Additional Information

# Commitment to Integrity:

As a student in this course (and at this university) you are expected to maintain high degrees of professionalism, commitment to active learning and participation in this class and also integrity in your behavior in and out of the classroom.

# Sac State's Academic Honesty Policy & Procedures:

"The principles of truth and honesty are recognized as fundamental to a community of scholars and teachers. California State University, Sacramento expects that both faculty and students will honor these principles, and in so doing, will protect the integrity of academic work and student grades." Read more about Sac State's Academic Honesty Policy & Procedures at the following website: <a href="http://www.csus.edu/umanual/student/stu-0100.htm">http://www.csus.edu/umanual/student/stu-0100.htm</a>

**Definitions**: At Sac State, "cheating is the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means." **Plagiarism** is a form of cheating. At Sac State, "plagiarism is the use of distinctive ideas or works belonging to another person without providing adequate acknowledgement of that person's contribution." Source: Sacramento State University Library Note: Any form of academic dishonesty, including cheating and plagiarism, may be reported to the office of student affairs.

# Understand When You May Drop This Course:

It is the student's responsibility to understand when he/she need to consider disenrolling from a course. Prefer to the Sac State Course Schedule for dates and deadlines for registration. After this period, a serious and compelling reason is required to drop from the course. Serious and compelling reasons include: (a) documented and significant change in work hours, leaving student unable to attend class, or (b) documented and severe physical/mental illness/injury to the student or student's family. Under emergency/special circumstances, students may petition for an incomplete grade. An incomplete will only be assigned if there is a compelling extenuating circumstance. All incomplete course assignments must be completed by the department's policy.

# Equal Access:

California State University-Sacramento, Department of Communication Sciences and Disorders, seeks to provide equal access to its programs, services, and activities for people with disabilities. If you have a documented disability and verification from the Office of Services to Students with Disabilities (SSWD), and wish to discuss academic accommodations, please contact your instructor as soon as possible. It is the student's responsibility to provide documentation of disability to SSWD and meet with a SSWD counselor to request special accommodation before classes start. Sacramento State Services to Students with Disabilities (SSWD) offers a wide range of support services and accommodations for students in order to ensure students with disabilities have equal access and opportunity to pursue their educational goals. Working collaboratively with students, faculty, staff and administrators, SSWD provides consultation and serves as the information resource on disability related issues to the campus community. SSWD is located in Lassen Hall 1008 and can be contacted by phone at (916) 278-6955 (Voice) or (916) 278-7239 (TDD only) or via email at sswd@csus.edu.

# Basic Needs Support

If you are experiencing challenges in the area of food and/or stable housing, Sacramento State offers basic needs support for students who are experiencing challenges in these areas. Please visit our Basic Needs website to learn more about your options and resources available. <a href="https://www.csus.edu/basicneeds/">https://www.csus.edu/basicneeds/</a>

# Other Resources

Testing Center: <a href="https://www.csus.edu/testing/">https://www.csus.edu/testing/</a>

Library: <a href="https://library.csus.edu/">https://library.csus.edu/</a>

### SPECIAL COVID-19 INSTRUCTIONS AND INFORMATION:

**Note**: In the event a faculty member is not available during the semester for whatever reason, students will be contacted and advised how the course will proceed. This may include a change in instructor and/or modality.

**Per University Policy:** To support <u>student privacy and for equity reasons</u>, students shall not be required by faculty to allow live access to a webcam. This includes proctoring, discussion, class sessions, office hours, or other consultation.

**Testing Modifications:** I understand that taking exams during the *regular* class period can be restrictive and does not address the myriad of environments students are taking their exams in. To address this specifically, the "*availability*" of exams will be across a period of 3 days (72 hours). The time to take the exam, once students begin, will remain consistent with the class period time (i.e., 75mins). Students, however, have the flexibility to take their exam **at any time during the availability period**. For example, if a student's home environment and availability best correspond to 11:30pm on a Wednesday or 6:00am on Friday, the student will be able to control for this.

Please note that each student remains individually responsible for being aware of their exam dates and times posted in the course syllabus.

Online exams via Canvas: Quizzes and other assignments are to be completed **independently**, though students may utilize their individual notes and texts. It is expected that students will maintain all aspects of academic integrity.

**Course Modality:** Unless otherwise noted by the instructor, all Fall 2020 CSAD courses are being taught synchronously. Class meeting will be scheduled by your instructor through Zoom through Canvas.

**Attendance Policy:** Attendance policies will be adjusted so as not to penalize students who become ill or are placed under quarantine during the COVID-19 pandemic.

**Grading Policy:** Course assignments (late work, due dates) will be adjusted so as not to penalize students who become ill or are placed under quarantine during the COVID-19 pandemic.

### Health & Safety Information:

1. If you are sick, stay home and do not attend class. Notify your instructor. Please self-diagnose if you are experiencing any COVID-like symptoms (fever, cough, sore throat, muscle aches, loss of smell or taste, nausea, diarrhea, or headache) or have had exposure to someone who has tested positive for COVID contact Student Health & Counseling Services (SHCS) at 916-278-6461 to receive guidance and/or medical care. You are asked to report any possible COVID related illnesses/exposures to SHCS via this link COVID-19 Illness/Exposure Report Form. Expect a call from SHCS within 24 hours. The CDC provides a good source of information regarding COVID-19 and a way to self-check symptoms: <a href="https://www.cdc.gov/coronavirus/2019-ncov/index.html">https://www.cdc.gov/coronavirus/2019-ncov/index.html</a>

# Knowledge And Skills Acquisition (KASA) For Certification in Speech-Language Pathology

# **CSAD 218 Motor Speech Disorders**

This course has been designed to be in direct support of the following American Speech-Language Hearing Association (ASHA) Knowledge and Skills Acquisition for certification in Speech-Language Pathology:

# Standard IV-C: Speech, Language, Hearing, Communication, and Swallowing Disorders and Differences

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: phonology, articulation disorders (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: voice and resonance disorders (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: receptive and expressive language disorders (phonology, morphology, syntax, semantics, pragmatics, prelinguistic communication, and paralinguistic communication) in speaking, listening, reading, writing, and manual modalities (including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.)
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: cognitive aspects of communication (e.g., attention, memory, sequencing, problem solving, and executive functioning), including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: social aspects of communication (e.g., behavioral and social skills affecting communication), including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: communication modalities, including the etiologies, characteristics, and anatomical physiological, acoustic, psychological, developmental, linguistic, and cultural correlates.

# Standard IV-D: Prevention, Assessment, and Intervention

- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding articulation.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding voice and resonance.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding receptive and expressive language (phonology, morphology, syntax, semantics, pragmatics, prelinguistic communication, and paralinguistic communication) in speaking, listening, reading, writing, and manual modalities.
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding cognitive aspects of communication (e.g., attention, memory, sequencing, problem solving, and executive functioning).
- The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of prevention, assessment, and intervention regarding social aspects of communication (e.g., behavioral and social skills affecting communication).

• The student will demonstrate the ability to analyze, synthesize, and evaluate knowledge re: the principles and methods of assessment and intervention regarding communication modalities.

# Standard IV-E, IV-G, IV-H: Contemporary Professional Issues

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: standards of ethical conduct.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: contemporary professional issues and advocacy.

### Standard IV-F: Research

• The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: processes used in research and integration of research principles into evidence-based clinical practice.

## Standard V-A: Oral and Written Communication

• The student will demonstrate skill in oral and written or other forms of communication sufficient for entry into professional practice.

# Standard IV-B: Basic Human Communication Processes

- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: neurological bases of human communication.
- The student will demonstrate the ability to analyze, synthesize and evaluate knowledge re: linguistic bases of human communication.
