

# CourseMatch Online Course equivalents

There are hundreds of semester courses from across the CSU system that are being offered on-line through the **CSU Fully On-Line Course Offerings via Cross-Campus Enrollment**. Current and Continuing students who meet eligibility criteria are eligible to enroll in one CSU on-line course per term.:

- Good Academic Standing;
- Completed at least 12 units at Sac State
- Enrolled in more than 6 units
- Have paid tuition as a “full-time” student

You may only enroll in semester-based campus courses. You may not enroll in courses that are quarter system.

Go to [www.calstate.edu/coursematch](http://www.calstate.edu/coursematch) to view courses offered. Once your eligibility is confirmed, you can search the Schedule of Classes. Once you pick a course, go to your Student Center, click on the CourseMatch link under Academics, and enter the course information no later than the date shown for the campus offering the course. At this time, students are **limited to enrolling in one course** unless the course includes a lab.
