Introduction

The following prerequisites are required for application to the Traditional BSN program:

- [University Admission](#)
- California Residency (*DACA, AB 540, Military Fee Waiver exception*)
- Prerequisite courses - 8
- Corequisite courses - 4 (***strongly*** recommend completion before admission, not required)
- Minimum Science GPA - 3.0 (*anatomy or A&P I, physiology or A&P II, chemistry, and microbiology*)
- Minimum Nursing GPA - 3.3 (*on the 8 prerequisite and 4 corequisite courses completed at the time of application*)
- Minimum ATI Test of Essential Academic Skills (TEAS) Score – 75.0%
- **Minimum Admission Point Total** - 60
- Supplemental Nursing Application – We do not use NursingCAS
- BSN Non-Refundable Evaluation Fee \$35

*If you are selected for admission, you will receive detailed information regarding additional admission requirements such as immunizations, background screening, and more with your orientation materials. **Please do not complete until you receive instructions**—thank you!*

California Residency

- **Due to impaction, California residency is required to apply to the Traditional Pre-Licensure BSN program.**
- There is an exception for Deferred Action for Childhood Arrivals (DACA) and AB 540 students; and students with an approved military feewaiver.

- For additional information, please contact the [Residency Screening Office](#), Lassen Hall, Room 1102, (916) 278-1000 (option 1) or via email at caresidency@csus.edu.

Application Deadlines

- Admission to the baccalaureate nursing program is a two-step process: 1) application to the University, and 2) supplemental application to the School of Nursing.
- Due to impaction, application deadlines are strictly enforced.
- **If you applied to the University, but have not received your admission decision yet—that is okay! You may apply to the School of Nursing pending receipt of your formal University admission decision.**
- The University and Nursing application evaluation fee may not be transferred or used to apply to another term.
- Sacramento State students who have graduated are required to reapply to the University and meet the same deadlines.
- Sacramento State students who have had a lapse of enrollment, may be required to reapply to the University and meet the same deadlines.
- For additional information regarding University admission, please contact [Admissions & Outreach](#), Lassen Hall - Room 1102, (916) 278-1000 (option 1), or admissions@csus.edu (include your first name, last name, and student ID number (if you have one) in your email.

Deadlines	Fall	Spring
University Application	October 1 – November 30	August 1 – August 31
Supplemental Nursing Application	February 1 – March 1	September 1 – October 1

Prerequisite Courses

- Courses are acceptable regardless of date completed—no recency requirement.
- Courses must be completed with a C- or better grade.

1. Oral Communication (any *G.E. Area A1* course)
2. Written Communication (any *G.E. Area A2* course)
3. Critical Thinking (any *G.E. Area A3* course)
4. Statistics (any *G.E. Area B4* statistics course)
5. Chemistry

*Any college-level general **OR** inorganic **OR** organic **OR** integrated course (with associated lab if required at the institution where the course was taken; otherwise not required). An overview or preparatory course for college-level chemistry is not acceptable.*

6. Anatomy or Anatomy and Physiology I (*with in-class, virtual, or online lab*)*
7. Physiology or Anatomy and Physiology II (*with in-class, virtual, or online lab*)*
8. Microbiology (*with in-class, virtual, or online lab*)*

**Effective Fall 2018 per EO 1100.*

Corequisite Courses

1. “Life Span” Human Development (*adult component required*)
 2. Introductory Psychology
 3. Nutrition
 4. A Societal-Cultural Patterns Course must be completed before graduation (*e.g. SOC 1, ANTH 2, ANTH 101, ANTH 186, ETHN 011, ETHN 100, or HRS 161 or equivalent*).
- Courses are acceptable regardless of date completed—no recency requirement.
 - Courses must be completed with a C- or better grade.
 - Students are **strongly** encouraged to complete the corequisite courses prior to admission to the clinical major—**not** required.
 - The number of corequisite courses completed is **not** a factor in the selection process.
 - Life Span Human Development, Introductory Psychology, and Nutrition must be completed prior to enrollment in the second semester of the clinical nursing program.
 - A Societal-Cultural Patterns course must be completed prior to graduation.
 - Good news! Pharmacology has been integrated across the Nursing curriculum. Students applying for admission Spring 2014 forward **no longer need a separate, pharmacology course**. Pharmacology is recommended, but not required.

Articulation Information

These guidelines are intended for the Sac State Traditional BSN program only. We recommend you seek advisement from each program you are considering—policies vary!

- **Recommended courses at [Sac State](#)**
- **California community college ASSIST articulation agreements.** See [Prerequisite & Corequisite Courses](#) link for instructions.
- **High School [Advanced Placement \(AP\)](#) credit information** (*select **Credit by Examination**, may need to scroll down*).
 - Course equivalency for **written communication, statistics, and introductory psychology** is absolutely acceptable.
 - AP score of 3 or better required.
 - Treated as a **pass** in the Nursing GPA calculation—no units/grade points.
- **Chemistry:**
 - Any college-level general **OR** inorganic **OR** organic **OR** integrated course (with associated lab if required at the institution where the course was taken; otherwise not required). An overview or preparatory course for college-level chemistry is not acceptable.
 - Chemistry lab optional; if completed still must include it on application.
- **Anatomy or A&P I, Physiology or A&P II, and Microbiology:**
 - In-class, virtual, or online labs are acceptable (*effective Fall 2018, EO 1100*).
 - We recommend you seek advisement from each program you are considering—policies vary!

- **Statistics:**
 - A **GE Area B4** statistics course completed within your major is absolutely acceptable (*e.g. Los Rios, PSYC 330 Introductory Statistics for the Behavioral Sciences*).
 - We recommend you seek advisement from each program you are considering—policies vary!
- **Life Span Human Development:**
 - **Adult** content required.
 - A birth through adolescence course alone is not acceptable.
- **Societal-Cultural Patterns:**
 - A study of multiple societies and the cultural norms of those societies.
 - Awareness of cultural norms is very important in-patient care.
 - For example, Introductory Sociology or **Cultural** Anthropology.
 - **Physical** Anthropology is **not** acceptable.
- **Equivalency:**
 - Equivalent course work completed at any regionally accredited college is acceptable.
 - Confirm the course title matches the content area and the total units are 3 for non- science and 4 to 5 for science lab courses.
 - Quarter-system courses may be slightly less when converted to semester units.
 - If you completed a course with a lab titled **Anatomy** you're all set! If you completed a unique course such as **Zoology**, or the units are less than noted above, please contact the [School of Nursing](#).
 - If you have any specific course related questions you cannot find on assist or with your current college counselor, please email us and include the following: course name and number, where you took the course, and the year and semester you took it.

Science GPA

- No points awarded, eligibility only.
- A minimum Science GPA of 3.0 is required to apply.
- **Science Courses:** Anatomy or A&P I, Physiology or A&P II, Chemistry, and Microbiology.
- The GPA must include a minimum of 3 grades.
- Only 1 course may be in progress at the time of application.
- Only 1 course may be a repeat.
- All science courses are calculated as 4 units; even if you had a 5 unit science course, on the application you will list it as 4 total.
- Pluses and minuses are not included in any of the Nursing GPA calculations (*for example, a B- or B+ is calculated as a B grade*).
- A grade of C- or better is required in each course.

Nursing GPA

- No points awarded, eligibility only.
- A minimum Nursing GPA of 3.300 is required to apply.
- The Nursing GPA includes the 8 prerequisite and 4 corequisite courses completed at the time of application only—a maximum of 12 courses.
- All science courses are calculated as 4 units.
- All other courses are calculated as 3 units.
- **Science Courses:** Anatomy or A&P I, Physiology or A&P II, Chemistry, and Microbiology.
- Only 3 of the 12 prerequisite and corequisite grades may be repeats.

- Only 1 of the 3 repeats may be a science course.
- If you repeat a course, but you use your first attempt, it is not considered a repeat.
- One non-science and one science prerequisite course, two total, may be in progress at the time of application.
- There is no limit on the number of in-progress corequisite courses.
- Candidates are strongly encouraged, but not required, to complete the corequisite courses prior to admission.
- All 8 prerequisite courses must be completed by the end of the spring term when applying for fall; fall when applying for spring—no exceptions.
- Pluses and minuses are not included in any of the Nursing GPA calculations (*for example, a B- or B+ is calculated as a B grade*).
- A grade of C- or better is required in each course.

“Adjusted” Nursing GPA

- Maximum 40 points.
- Same guidelines as Nursing GPA with exceptions noted below.
- Under the conditions outlined below, candidates may omit up to two courses from their **Adjusted** Nursing GPA.
- The **Adjusted** Nursing GPA must include at least 2 science grades.
- **Science Courses:** Anatomy or A&P I, Physiology or A&P II, Chemistry, and Microbiology.
- Candidates with 10-12 grades may omit 2 grades from their **Adjusted** Nursing GPA.
- Candidates with 9 grades, may omit 1 grade from their **Adjusted** Nursing GPA.
- Candidates with 8 or few grades, may not omit any grades.
- AP examination credit is considered a grade (*no units/grade points*).
- In-progress courses are not considered omissions.

TEAS ATI Test of Essential Academic Skills

- Maximum 30 points.
- Three attempts allowed.
- **Important TEAS information: The last day we will accept online proctored TEAS exams will be August 1, 2023. After this date Sacramento State School of Nursing will only accept in person proctored TEAS exams unless taken prior to August 1, 2023. ny version is acceptable (1.0 – 7.0 or future version).**
- A minimum score of 75.0% is required to apply.
- Completion of the TEAS is required for all students applying to the clinical nursing program.
- The test may be taken three times within a five-year period preceding the Supplemental Nursing Application deadline; the highest score will be used.
- Scores over five years old are acceptable; however, they will NOT be considered an attempt when determining the three-attempt limit.
- There are no rules regarding the length of time between each test, but ATI recommends a month to allow time to review test results and focus on those areas where improvement is possible.
- You can sign up to take the TEAS through the ATI website <https://www.atitesting.com/>

- The last day to take the TEAS for fall is March 1; October 1 for spring—there are **no** exceptions to these deadlines.
- For TEAS tests taken at a non-Sacramento State location, an official TEAS [transcript](#) must be purchased online from ATI and submitted by ATI directly to the **CA State Sacramento**—results are usually received same day!
- We recommend you seek advisement from each nursing program you are considering—policies vary!

In-Progress Policy

- One science and one non-science prerequisite course, two total, may be in progress at the time of application—**no exceptions allowed**.
- The science prerequisites include: anatomy or A&P I, physiology or A&P II, chemistry, and microbiology.
- The non-science prerequisites include: oral communication, written communication, critical thinking, and statistics.
- All 8 prerequisites must be completed by the end of the spring term when applying for fall; fall when applying for spring.
- When applying for a fall term, course work taken in-progress during the summer will not be considered during that applicant period.
- You are strongly encouraged, but not required, to complete the corequisite courses prior to application.
- Nutrition, life span human development and introductory psychology must be completed prior to the second semester of the clinical nursing program. A societal-cultural patterns course must be completed prior to graduation.
- There is no limit on the number of in-progress corequisite courses.
- **Quarter-System Schools** - Candidates attending quarter-system schools may apply for fall with winter and spring courses in progress; application will not be processed until winter grades are submitted to the School of Nursing. Candidates attending quarter-system schools may apply for spring with summer and fall courses in progress; application will not be processed until summer grades are submitted to the School of Nursing.

Repeat Policy

- Only 3 of the 12 prerequisite and corequisite grades may be repeats.
- Only 1 of the 3 repeats may be a science course (*Anatomy or A&P I, Physiology or A&P II, Chemistry, and Microbiology*).
- A third attempt will not be considered. You will not be ineligible if you have a third attempt, you just will need to use your first or second attempt grade.
- Courses over 7 years old on the first day of instruction are acceptable, but not included in repeat count. (*However, you will not receive the “no repeat” optional criteria points*)
- Repeats are evaluated based on content; not course numbers. Any course which satisfies a content area is considered an attempt.

- If you repeat a course, but you use your first attempt, it is not considered a repeat.
- The In-Progress Policy above applies to repeated courses.
- Withdrawals (W/WU/EW grades) are not considered repeats.
- We recommend you seek advisement from each program you are considering—policies vary!

Admission Point Total & Tiebreakers

Selection Criteria - Point Assignments

- Maximum Points – 88
 - Adjusted Nursing GPA – 40
 - TEAS Score – 30
 - Optional Criteria – 18
- A minimum admission point total of 60 points is required to apply. The Minimum Admission Point Total will be posted on the Nursing website each application cycle.
- Same point total – tiebreakers:
 - Non-Adjust Nursing GPA
 - If needed, fewest prerequisite/corequisite course repeats
 - If needed, TEAS score
 - If needed, military service

Health Requirements

- Students admitted to the Clinical Nursing program are required to have specified immunizations by the Student Health Center or a private physician prior to beginning nursing coursework.
- Drug and alcohol screening is required before beginning clinical nursing (see below for details).
- Health insurance is required.
- Complete information on health requirements for nursing students may be secured from the School of Nursing.

Technology Competence

- To be successful in the curriculum, students must be able to demonstrate competency in computer technology, such as word processing, use of the Internet, e-mail, and database searches.
- Clinical nursing students are required to own a personal computer.

Professional Liability Insurance, Automobile Insurance, Transportation and CPR Certification

- All students enrolled in clinical laboratory courses in the nursing major must pay the University fee for professional liability insurance, provide proof of automobile insurance, and have a means of transportation to extended campus facilities.
- Professional liability insurance is mandatory prior to beginning clinical experiences.

Background Checks

- Nursing students must satisfactorily complete all clinical, community and laboratory requirements in order to progress in courses, progress in the program and to receive their degree.
- In order to make an initial determination as to whether there are any current barriers to admitted students qualifying for and/or participating in clinical programs, all admitted students must submit to a background check and drug screen under the direction of the nursing program prior to enrollment.
- Results of background checks and drug screens will be provided to the nursing program's affiliating clinical agencies (partner agencies) which must approve the background checks and drug screens in order for students to qualify for participation in and fulfillment of the required clinical component.
- Students will be advised of any identified issues impacting their eligibility for participation in required clinical and community placements prior to making their decision to enroll.
- The full policy concerning background checks and drug screening in the nursing program can be found within the student handbook located on the [Traditional Nursing Program website](#).
- Students should also be aware that the State of California Board of Registered Nursing makes determinations for licensure based in part on background checks. Students who have concerns regarding their background checks should review the [BRN website](#) for information related to initial licensure before determining whether to apply and/or enroll in the nursing program.

Licensure Requirements

- Admission into programs leading to licensure, credentialing, or certification eligibility does not guarantee that students will obtain a license, credential, or certification.
- Licensure, credentialing, or certification requirements are set by agencies that are not controlled by or affiliated with the CSU and requirements can change at anytime.
- For example, licensure, credentialing, or certification requirements can include evidence of the right to work in the United States (e.g., social security number or tax payer identification number) or successfully passing a criminal background check.
- Students are responsible for determining whether they can meet licensure, credentialing, or certification requirements.
- The CSU will not refund tuition, fees, or any associated costs, to students who determine subsequent to admission that they cannot meet licensure, credentialing, or certification requirements.
- Information concerning licensure, credentialing, or certification requirements are available from our Office Manager, at 916/278-6714. Mailing address: 6000 J Street, Sacramento, CA 95819-6096. Physical address: 7667 Folsom Boulevard, Sacramento, CA 95826.

Challenge by Examination

- The School of Nursing offers the opportunity of petitioning certain nursing courses for credit by examination.
- Students who by reason of special study, experience or training, already possess the skills, knowledge, and attitudes which are the objectives of the given course, may petition for credit by examination.
- Licensed Registered Nurses, Licensed Vocational Nurses, and Corpsmen are examples of students who may be eligible to challenge specific nursing courses.
- Additional information may be obtained by referring to "Credit by Examination" in the [College Catalog](#) or by contacting the School of Nursing.

Course Credit for Previous Education/Experience

- Military SB466 Compliance – [Policy](#)
- Military Credit (SB 466) Documentation Form – [Credit Request Form](#)
