Faculty-Led Study Abroad
Costa Rica

Course Dates: June 6 – July 10, 2022 (Group 1); June 15 – July 19, 2022 (Group 2)
Dates in Costa Rica: June 27 – July 4, 2022 (Group 1); July 6 – July 13, 2022 (Group 2)

This study abroad program to beautiful Costa Rica is designed to allow students to experience a unique culture first-hand and view a different society through the lens of health, risk prevention, and wellbeing. You will develop the knowledge and tools to be a more effective public health practitioner who views the world through a more comprehensive and culturally aware lens.
