

GOAL #4

DEVELOP AND SUPPORT INNOVATIVE PROGRAMS & CURRICULUM

Indicators of success

- Increase experiential learning in academic program
- Creation of new programs, including certificate programs that serve both Sacramento State students and the regional workforce
- Increase resources for graduate programs
- Increase support for and participation in student success programs
- New opportunities for collaboration between units for curricular development and change
- Robust culture of safety

Suggested Strategies

- Recruit and retain diverse faculty
- Redesign course curricula to ensure student success
- Collaborate with local community colleges to develop innovative programs supporting transfer students before and after transfer
- Support faculty leadership in curriculum development and change
- Development & implementation of multi-year faculty hiring plan
- Utilize program review & assessment for continuous improvement
