

Graduate Literature Seminar Abstract Approval Form
Department of Chemistry

Due to Graduate Committee on May 1st (Fall Seminars) or November 15th (Spring Seminars)

Date Received: _____

Approvals: _____ Abstract _____ Abstract needs revision

I. Student Information

Name: _____ Research Advisor: _____

Brief Thesis Research Description: _____

II. Seminar Information

Topic: _____

Requested Seminar Dates (seminar date will be assigned by the seminar coordinator)

Semester: _____

First Choice: _____ Second Choice: _____ Third Choice: _____

III. Signatures

I understand that by signing this form I am committed to presenting my literature seminar on my assigned date/semester. I am required to enroll in Chem 294 during the semester where I give my literature seminar. If for any **unexcused** reason the seminar is cancelled, I will be required to wait one semester before requesting a new seminar date. I will also be required to re-enroll in Chem 294 in the semester where the new seminar date is assigned. If the seminar is cancelled for an **excused** reason (illness, etc.), I will be required to present documentation to this effect to the graduate committee. I will be allowed to reschedule my seminar in the next semester. I will be required to re-enroll in Chem 294 during the new semester.

Student Signature: _____ Date: _____

By signing this form, I approve the seminar topic, abstract and preferred seminar dates. I will serve as a resource to my student in preparing for their literature seminar.

Faculty Signature: _____ Date: _____

IV. Abstract

Provide a title and abstract (maximum of 500 words, single spaced, 12 point font, 1 inch margins) of your proposed literature seminar. Your abstract must introduce your topic, provide background information on the general subject, outline the research results you will present/analyze and cite appropriate peer-reviewed literature sources where appropriate. Please provide a **minimum** of 5 recent peer-reviewed primary literature reference citations (no review articles) with your abstract; include titles for all articles in the citations. Three of the five references must be from the past four years.
