

Graduate Literature Seminar Topic Approval Form
Department of Chemistry

Submissions open to the Graduate Committee:
Fall Seminars: February 1st through March 1st
Spring Seminars: September 1st through October 1st

Date Received: _____

Approvals: _____ Topic

I. Student Information

Name: _____ Research Advisor: _____

Brief Thesis Research Description: _____

II. Seminar Information

Proposed Topic Title: _____

Proposed Seminar Semester: _____

III. Signatures

I understand that topics will be approved on a first submitted, first approved basis and that the proposed topic must be distinct from literature seminars given within the past two years. I also understand that approval of the seminar topic must be followed by submission of the "Graduate Literature Seminar Abstract Approval Form" in order to be able to present my literature seminar during the semester stated in section II.

Student Signature: _____ Date: _____

By signing this form, I approve the seminar topic and topic description. I will serve as a resource to my student in preparing for their literature seminar.

Faculty Signature: _____ Date: _____

IV. Topic Description

Provide a brief description of your proposed topic (maximum of 100 words, single spaced, 12 point font, 1 inch margins) for your literature seminar. Your description should provide a brief background for the proposed topic title and the research you intend to present on the topic. If proposed topic is in the same discipline as your thesis research, indicate how your proposed topic is in a different area and does not overlap with your thesis.
