CALIFORNIA STATE UNIVERSITY LSAMP PROGRAM

NSF funding of Bridges to the Doctorate (BD), Cohort III has enabled CSU-LSAMP to host a fourth cohort of students at San Francisco State University. In 2006-2007, San Francisco State University serves as the graduate institutional site for BD-Cohort IV activities. The existence of the Bridge to the Doctorate programs has provided students access to graduate study in a broader array of STEM disciplines. Twelve talented students have been selected as scholars in the Louis Stokes Alliance for Minority Participation Bridges to the Doctorate Cohort IV.
