

Department of Physics and Astronomy  
SPRING 2026 Colloquium Series

# “Journey of a Hornet”

## Adam Lam

*Lawrence Livermore National Laboratory,  
Sac State Physics Alumnus, Class of 2016*

In this talk, I will share some of my experiences as a physics major at Sacramento State during my time here, along with a few thoughts on graduate school and what comes after. I will also briefly introduce numerical methods and how they are used in nuclear engineering, especially in the area of radiation transport.
