

Mathematics and Statistics Scholarships

Each year the Department of Mathematics and Statistics offers a number of scholarship awards to students majoring in mathematics. The various scholarships— *the Professor Sandra Barkdull and Richard Cleveland Memorial Math Scholarship, the Lorraine Erickson Scholarship, the Kearns Mathematics/Statistics Scholarship, and the Voula Steinberg Memorial Scholarship* – are funded through their respective endowments and trusts.

In general, the awards recognize students for their academic achievement, mathematical achievement, participation in mathematics related activities, and/or professional promise, with each scholarship having specific requirements as described below. Students who are currently enrolled at Sac State are encouraged to apply for all scholarships for which they are qualified and should read the eligibility criteria for each award before applying. No discrimination shall be made on the basis of race, ethnicity, religion, national origin, gender, sexual orientation, marital status, pregnancy, age, disability, or Vietnam veteran status.

All awards are subject to availability of funds.

Please note: In order to be considered for scholarships students must have a completed FAFSA (<http://www.fafsa.ed.gov>) on file in the Financial Aid Office. All awards are processed through the Financial Aid Office, which re-evaluates any current financial aid award package in light of an offer from the Department of Mathematics and Statistics before funds can be disbursed.

Please apply by visiting the Academic Works site:

Professors Sandra Barkdull and Richard Cleveland Memorial Math Scholarship

1. Applicant must be a mathematics major who has a record of outstanding achievement in mathematics and who shows promise for a distinguished mathematical career.
2. Applicant must be a full-time undergraduate student with sophomore, junior, or senior class level standing.
3. Applicant must have a minimum 3.0 overall GPA.

Lorraine Erickson Scholarship

1. Applicant must be a mathematics major.
2. Applicant may be either a part-time or full-time student with either undergraduate level or classified graduate student level.
3. Applicant must have a minimum 2.0 overall GPA.
4. Applicant must demonstrate financial need, as determined by the Financial Aid Office based on the applicant's FAFSA application. A completed FAFSA application must be on file in the Financial Aid Office prior to receipt of an Erickson Scholarship.

Kearns Mathematics/Statistics Scholarship

1. Applicant must be a mathematics major. Special consideration will be given to applicants planning on meeting the Statistics Emphasis requirements.
2. Applicant must be a full-time undergraduate student with junior or senior class level standing who will qualify for graduation the following academic year.
3. Applicant must have a minimum 3.0 cumulative GPA.
4. Applicant must be a U.S. Citizen.
5. Applicant must be an active participant in community and/or campus student activities.
6. Applicant must require financial assistance in order to continue studies at Sac State.

Stewart Moredock Scholarship

1. Applicant must be a mathematics major who has either completed or is currently enrolled in a Sac State upper-division core course in the mathematics degree program.

Applicant must have junior or senior class level standing.

2. Applicant must have a minimum 3.0 GPA in all college mathematics courses.
3. Primary consideration for selection will be the applicant's mathematical ability, followed by participation in mathematics related activities.

Elizabeth O'Connell Memorial Scholarship

1. Applicant must be a mathematics major who has completed at least one upper-division core course in the mathematics degree program.
2. Applicant must have junior or senior class level standing.
3. Applicant must have a minimum 3.0 GPA in all college mathematics courses.

Voula Steinberg Memorial Mathematics Scholarship

1. Applicant must be a mathematics major who has the intention to enter the teaching profession.
2. Applicant must have junior or senior class level standing.
3. Applicant must have a minimum 3.0 GPA.
4. Applicant must be enrolled in a minimum of 6 units at Sac State.
5. Selection will be based on academic achievements in mathematics and the applicant's potential as a mathematics teacher.
