WANT TO ENROLL IN, OR DROP, A COURSE?

If a place in the course or on its wait-list is available then you will be able to enroll yourself into either during open enrollment, between 8am 10th August and 5pm 27th August. You can also drop from a course at any time before 5pm on 27th August.

If you find that you are unable to enroll in a course it is most likely because it and the wait-list are already fully enrolled, or you are trying to enroll outside the open enrollment period.

Only two courses: ENVS 190 and ENVS 195, require the instructors permission to enroll. Please do not email instructors with requests to enroll in other courses.

Students who do not participate in class during the first 2 weeks of instruction will be dropped from the course and replaced with students from the wait-list. Priority will be given to students according to their order in the wait-list after seniors on the wait-list, particularly if Fall is their graduating semester.

To drop or add students to the course, the instructor will first contact those students by email or telephone. So, please make sure your contact details are correct and monitor your email in case you are contacted. If the instructor does not receive a response within the day, your place may be offered to another student on the wait-list.

Thank you.
